For three decades, Charlie Chambers was the dean of Australian game fishing skippers, captaining several of the most successful vessels and guiding legendary anglers to some of the most significant captures in our country's fishing history. This biography from the pen of John McIntyre creates an image of game fishing from the 1940s onwards.

## Message from the President

Welcome to the GFAA Journal for 2020-21. I hope you enjoy this year's edition, which you will notice is slightly different in its format and layout compared to previous years. In part this has come about due to the feedback we have received from members, in addition to a change in the set-up. All of the usual information remains, so as always, it becomes your guide

to rules, records, guidelines and other important information. Thanks go to Peter Coote for putting it all together.

Of course we all know what a difficult year we have been through, starting with bushfires devastating many of the coastal communities where a large number of our members reside and also many more go to fish. My hope is that we can all rally around and support them where we can, whether it's by holidaying in the area or fishing their tournaments to show them that as a group we understand and sympathise with their plight.

The arrival of Covid-19 put an end to fishing in most States for a significant amount of time and the Executive made the decision to suspend point scoring for annual trophies and also national records to ensure everyone was fairly dealt with. Since July things slowly returned to something closer to normal, although border closures meant that many were unable to get away on holidays and get out fishing.

Another unfortunate aspect of the travel restrictions was the fact that we were unable to hold our AGM under the normal circumstances and it was disappointing not to be able to congratulate the winners of the national and junior awards in the usual way. Again, in what was a difficult year

the executive joins me in congratulating all of the winner and participants for their efforts during the past season.

As always, our esteemed historian and Life Member John McIntyre has written a very interesting article about one of the legends of game fishing spanning almost four decades following the end of World War II.

As a word of caution, the photographs accompanying this article might be considered by many as quite graphic, however within the historical context of the article, it must be understood that the practices and norms of period from the late 1940's though to the 1960's have not been generally followed in more recent times.

In last year's edition, I highlighted the research project we were undertaking regarding sailfish genetics. We have had great support and assistance from members in Western Australia, the Northern Territory and Queensland in providing fin clip samples to begin the project, which is being undertaken by University of Queensland PhD student Laura Smith. Just as importantly, our Conservation officer, Dr Evan Jones, recognised the need for a means of storing that type of genetic material and he donated a freezer capable of keeping samples at an optimum temperature of minus eighty degrees.

I am sure you all will join me in thanking Evan for this very important item of equipment.

On behalf of myself and the Executive, best wishes for the upcoming year and we are all hopeful that 2021 will be a considerable improvement on 2020.

Tight Lines.

*San Bladi*

President

# GARMIN®

## GARMIN® quatix® 6

The **quatix® 6** multisport GPS smartwatch with specialised marine features includes comprehensive connectivity with compatible Garmin chartplotters and other devices to offer autopilot control, data streaming, sail racing assistance, Fusion-Link™ entertainment control and much more. It supports optional BlueChart® g3 coastal charts with improved chart presentation. It provides advanced fitness features for all-day wearability. Other features include built-in activity profiles and performance metrics for water and land sports, smart notifications, enhanced wrist heart rate, and access to Garmin Connect™ and Garmin Pay™ contactless payments.

## Why join a GFAA-affiliated club?

The Game Fishing Association of Australia (GFAA) is the longest-established national fishing association in the world. It has been, and remains, a model and example for gamefishing associations around the world.

As such, the GFAA is affiliated with the International Game Fish Association (IGFA) and plays an active part in the leadership of the sport of gamefishing on a world level.

The constitutional membership of the GFAA is the Australian States and the Northern Territory (the Canberra Game Fishing Club is affiliated with the New South Wales Game Fishing Association). Thus, gamefishers, wherever their place of residence, have a voice and representation — just as was planned by those who founded the national body in 1938.

Each of the State and Northern Territory branch memberships is made up of affiliated clubs. The club members – the fishers – in turn, receive the benefit of membership.

There are many reasons for the success and longevity of the GFAA, all of which are directly related to benefits for the members. These include:

- The administration of club, State and Australian records for male, lady and junior anglers — not only traditional offshore gamefishing records, but also fly and land-based game.
- Organised club structures that help give knowledge on technique and where to find fish. Club-organised tackle and 'how-to' instructional nights and the like.
- Fellowship and social functions within the clubs.
- Competition, both intra- and inter-club. That is, competition with other clubs, competition within the State and national competition.
- Representation for club, State or country in international competition. The GFAA and members of its State associations and member clubs are welcome and recognised at international tournaments. Such teams have competed successfully in international tournaments in New Zealand, Australia, Hawaii, Tahiti and Nova Scotia.
- The dissemination and application of knowledge, which is important over a lifetime of fishing with a GFAA club.
- Receipt of member club and State associations' newsletters and the GFAA's *Official Gamefishing Journal*.

However, one of the most important benefits of membership of clubs affiliated with the GFAA is to give input to club, State and national executives with governments and related organisations and departments. This involvement ideally leads to representation on government committees and advisory councils — a very necessary step.

Thus, GFAA clubs and association members are more often becoming the contact point for government seeking advice and information, as well as contact points for lobbying on behalf of members.

Along the same lines, the GFAA offers gamefishers:

- Representation at national and international seminars on billfish and other pelagic species by all gamefishing sectors.
- An active voice and contribution to ensure that recreational offshore fishers have access to and an equitable share in fish and bait resources.
- The opportunity to take active executive positions in clubs, State associations and the national body, the GFAA.

The GFAA Executive strives to maintain affiliation fees at the minimum level necessary to give service and efficient operation.

The association's interests in science and conservation are clearcut and the association is regarded, rightly, as a world leader. The gamefish tag & release programs and tournament minimum weights are just two examples of leadership in ethical fishing and conservation.

In addition, the GFAA now has a research foundation. The wisely allocated grants that have been made so far are already providing benefits to fish and fishers.

The GFAA is your organisation. The support and membership you give will result in multiplying benefits for you, the angler.

Put simply ... **IF YOU GAMEFISH, IT IS IN YOUR INTEREST TO BELONG TO A GFAA-AFFILIATED CLUB.**

For the location of your nearest GFAA-affiliated club, consult the full GFAA club listing in this journal or visit [www.gfaa.asn.au](http://www.gfaa.asn.au) or email [secretary@gfaa.asn.au](mailto:secretary@gfaa.asn.au)

# Code of Practice for a Responsible Gamefish Fishery

Codes of Practice are important to set standards for organisations and have been developed for a wide range of activities and industries, including the seafood industry. Many of the principles incorporated into Codes of Practice might seem obvious or general, but they clearly demonstrate to those inside and outside the organisation that

high standards do exist and are strongly encouraged.

It is important that a Code of Practice for gamefishing in Australia be promoted, especially since some sectors of the public and the media are not well informed about this form of angling.

## THE PRINCIPLES OF THE GFAA

To a large extent, the GFAA has operated under a form of 'Code of Practice' for many years. The constitution of the GFAA contains a set of objects (or aims) that are a very useful starting point in this regard. Taking the relevant points from the Objects of GFAA (the ones that relate to fishing ethics, conservation and so on), it is clear that the Association has set itself high standards. That is:

- To formulate and support fair, uniform and ethical angling rules.
- To conserve gamefish and food fish resources for the recreational and economic use of present and future generations.
- To affiliate with the International Game Fish Association (IGFA) and work closely with that Association as well as scientific institutions and government bodies interested in fisheries conservation and management.
- To encourage and further the study of recreational angling, the related fish species and the habitat requirements of such species.
- To develop and support fish tagging programs and other scientific data collection.
- To act as a data accumulation centre for fishing results and to make such information available to governments and others for furthering education in the wise use and conservation of the species.
- To analyse the pressure of recreational and commercial fishing upon the respective gamefish species.
- To disseminate information and knowledge of scientific studies of commercial fishing and gamefishing to GFAA member clubs and to the general public.
- To assist and participate in domestic and international gamefish seminars and symposiums where the expertise, data and purposes of the Association may be helpful in assisting other organisations with similar objectives.
- To make grants to gamefish-oriented organisations or institutions for the support of research and education in the sciences related to gamefish and the sport of angling.

These objects are largely pursued through the rules and regulations of the Association. The GFAA Research & Development Foundation has also been formed to assist in funding the pursuit of many of these specific goals.

## THE CODE

Principles of a Code of Practice for gamefishing in Australia (not only for members of clubs, it should be noted) include the following. Gamefish anglers will strive to:

- Fish to the ethical standards espoused by the GFAA. Follow the rules and regulations set by the GFAA. Always conduct gamefishing activities in an ethical manner.
- Show due care and responsibility for the habitat of gamefish and other marine life. Don't discard anything overboard, including plastic, metal and fishing line. Report pollution. Pick up floating rubbish. Take care in anchoring over sensitive reef areas. Only use biodegradable chemicals onboard.

- Minimise direct effects on wildlife, including seabirds, marine mammals and reptiles.
- Minimise taking onboard material that will produce pollution or rubbish. Observe proper provisioning processes. Minimise packaging.
- Follow all relevant regulations by governing institutions. Adhere to bag and size limits. Respect and adhere to protected species legislation. Be aware of zoning within marine parks and marine protected areas.
- Be informed about the biology of gamefish. For example, be aware of how to identify various gamefish species for more accurate recording of tagging and capture data.
- Tag and release fish with care. Learn the correct procedures for tag and release and catch and release to ensure maximum likelihood of survival of tagged and released fish. Record and forward accurate post-release information in a timely manner.
- Take only what is needed. Exercise restraint when taking any species of fish even if no bag limits exist. Be realistic about the amount of baitfish taken for fishing. Try to return unused live baitfish to the area in which they were caught.
- Dispatch fish quickly and humanely. All fish that are taken should be killed as quickly and humanely as possible.
- Convey the benefits of gamefishing to the public. Take opportunities to educate the non-fishing public about the benefits of gamefishing, of tag and release and support of research. Encourage others to join affiliated gamefishing clubs.
- Cooperate and participate in research and development activities that will enhance the sustainability of the resource. Offer free access to fish for recognised research programs. Participate in biological sampling programs.
- Participate and assist in the collection of catch and effort statistics.
- Consider and respect the rights of others when engaged in any aspect of gamefishing. This includes other anglers, and commercial fishers' rights to harvest common property resources.

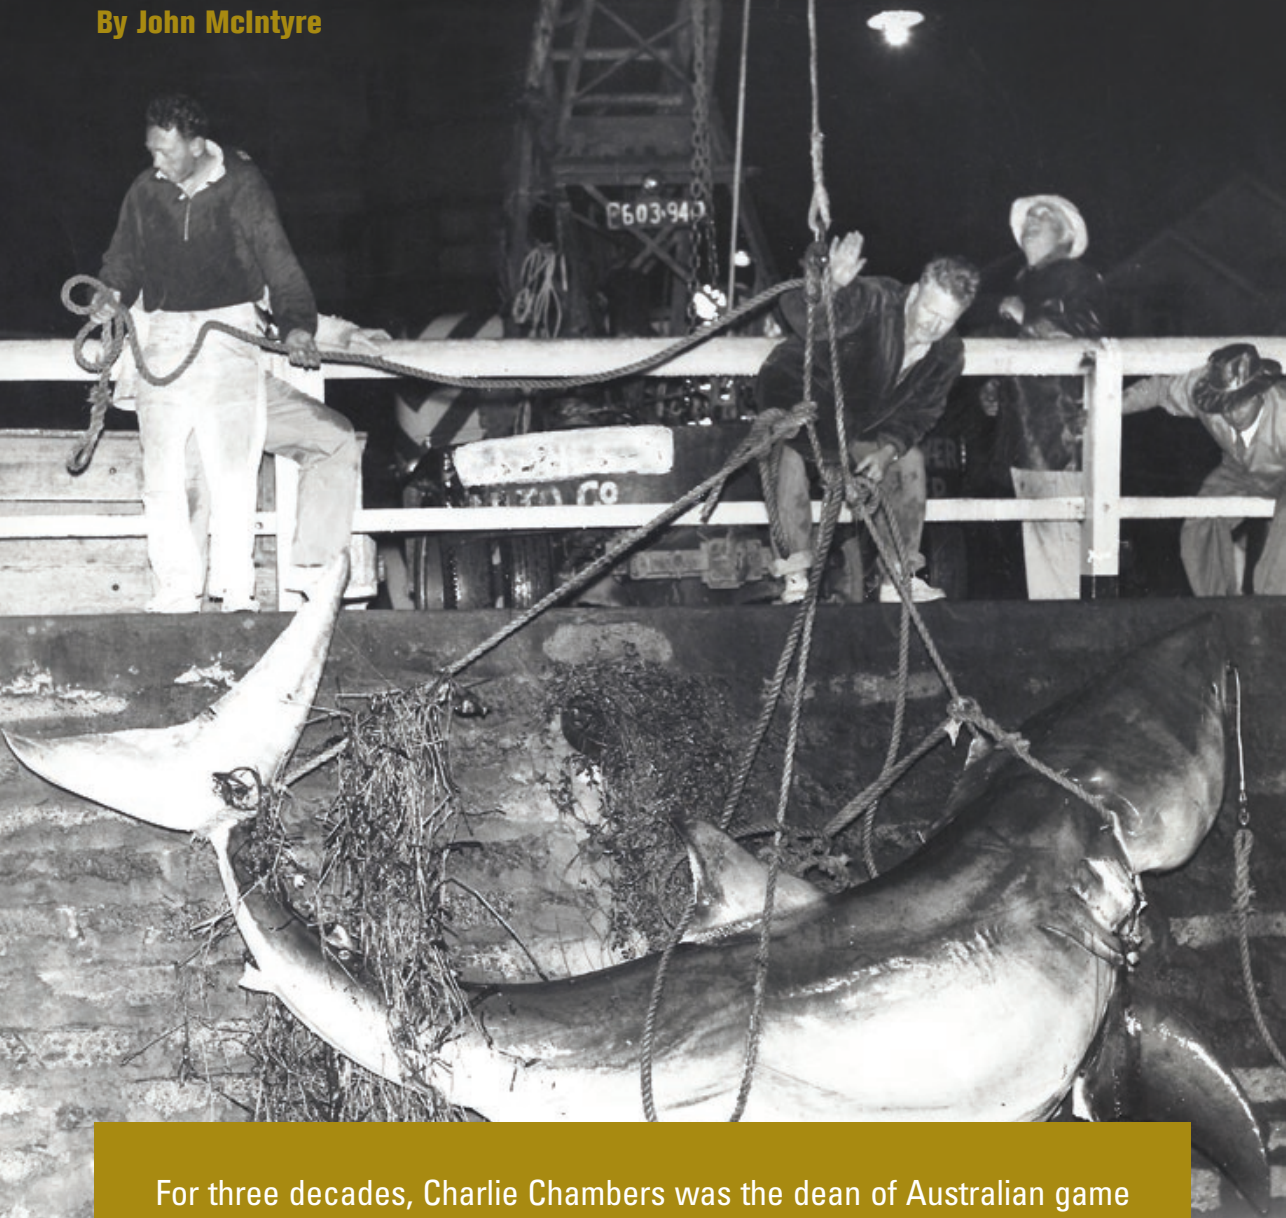

## CODE OF CONDUCT FOR FISH AGGREGATING DEVICES (FADs)

- Respect other FAD users at all times.
- FADs are for the benefit and enjoyment of all recreational sectors.
- Courtesy should be given to fishers who are already using the FAD.
- FAD users should take turns in fishing the FAD and accommodate new arrivals.
- All fishers should keep boats, lines and lures a safe distance from the FAD.
- Do not use braid (Spiderwire) near the FADs. This line type causes cutting damage to the mooring line of the device. This will result in the FAD breaking free and the ground tackle being lost.
- Do not tie your boat up to the FAD.
- Report any damage to the FAD to the appropriate owner.
- Comply with bag limits and only take what you need.

The photographs accompanying this article might be considered by many as quite graphic, however within the historical context of the article, it must be understood that the practices and norms of period from the late 1940's though to the 1960's have not been generally followed in more recent times.

# Charlie Chambers

By John McIntyre

For three decades, Charlie Chambers was the dean of Australian game fishing skippers, captaining several of the most successful vessels and guiding legendary anglers to some of the most significant captures in our country's fishing history.

**Author:** John McIntyre

**Photography:** Chambers Family, John McIntyre Collection, Peter Goadby Collection, Athel D'Ombrian, Consolidated Press, John Mondora.

Champion boat "Murrayolga"  
owned by Max Lawson, skippered  
by Charlie Chambers.

Max Lawson's "Murrayolga" shortly after launching circa 1948.

11 Sharks - Moreton Bay.

Anzac Day 1956.

Charles Elliott Chambers, always known as Charlie or in earlier days "Chick", was born on February 21, 1921 at Erina in the Australian state of New South Wales. His mother was a German emigrant and his father, who died when he was ten years old, was from Britain. He was raised jointly by his mother and grandmother, assisted by his mother's two sons from her first marriage to her German husband. One of Charlie's half-brothers, Phillip, who was over twenty years older than Charlie, lived with his family at Watsons Bay, in the eastern suburbs of Sydney, close to the Heads entrance to Sydney Harbour. Often retailed was the tale that "fishing" was the common language at Watsons Bay which, in those days was populated principally by people associated with commercial fishing, boat- building, boat repairing and vessel hire. Phillip treated Charlie like a son and from an early age Charlie was an avid fisherman, taking part in beach, harbour and rock fishing in the company of Phillip and his friends.

Upon leaving school, Charlie embarked on a career as a painter, decorator and sign-writer, the latter occupation particularly suited to his skills as a very proficient artist. The onset of World War 2 saw Charlie enlisted in the Second Australian Imperial Force (AIF) where he attained the rank of Lance Bombadier in the First Australian Medium Artillery Regiment. He was later transferred into the Royal Australian Air Force (RAAF) for pilot training which did not take place. He achieved the rank of corporal and moved into the RAAF Marine Division, training and serving on crash boats in northern Australia, Sarawak and Borneo, in South East Asia.

Charlie was demobilised in 1946 and took employment with a leading Sydney department store working on display signs and advertising material. He met and married his wife Margaret (nee Bedson) in 1947, whilst working at the store. He moved on to work as a sign writer with the largest milk distributor in the State, specialising in decorating their vehicles, both horse drawn and motorised.

The most skilful and successful big game fisherman of this era, immediately after World War 2, was the Sydney businessman Maxwell J. (Max) Lawson, who was also the best known fine art and general auctioneer in Australia. Max had fished for game fish and big sharks off New South Wales from the mid 1930's and had launched the 38 ft. twin engine game fishing cruiser *Murrawolga* in 1947. Charlie joined Max as his skipper in December 1950 but he had fished aboard at various times since late 1947. During this time he studied for and passed examinations for his Master's tickets for large sea-going vessels.

They proved to be a winning team, Max's determination and ability to fish in all weathers and Charlie's boat handling and organisational skills led to *Murrawolga* being the boat to beat in all local and State big game angling competitions and tournaments. Many later famous anglers commenced their careers on *Murrawolga* under Charlie's watchful eye, including the author/ angler Peter Goadby and the then stars of Australian radio, Bob and Dolly Dyer. Bob Dyer was a transplanted Tennessee USA entertainer who had come to

Tennessee II Port Stephens Ca1961.

Australia with vaudeville stage shows before the War. His wife Dolly was a Sydney dancer who had worked on the Tivoli theatre circuit, where they met. Skilful promotion and publicity stunts saw the Dyers enjoy considerable success and prosperity, enabling them to commence their leisure time career in off-shore fishing.

Charlie skippered the vessel for many significant captures, including Max's then milestone of 150 marlin boated. Max's white pointer shark of 1582 lb (719 kg) landed after a torrid battle on 39 thread (130 lb- 60kg) tackle on April 13, 1952 set a new record as the heaviest fish ever boated in New South Wales. As usual, Charlie's quiet but calculating manner and skilful boat handling removed much of the danger of tackling this motor car sized fish of fearsome reputation. Always remarked upon was Charlie's calm demeanour, and other crew and visitors aboard his vessels were sure that they were in the safe hands of a man who was completely non- assertive, but confident in his abilities.

His own personal milestone was his landing of his white pointer shark of 2100 lb (954.5 kg) on April 26, 1956 to top Max Lawson's fish to become, and to remain, the heaviest fish ever caught in the State. This will likely be the case well into the foreseeable future as the species is now protected in Australia and is unable to be legally caught. Charlie was really an accidental angler on the day as Max had joined with his World War 1 comrades for the annual Anzac Day March.

Charlie Chambers aboard "Tennessee 111" 1968.

Following Max's wishes, Charlie had taken the crew for a "quiet" fish for the table when the huge white shark spoiled the plan! All came out well on the day.

In 1956, Max's doctors advised him to slow down and to reduce his activities. In 1957, he reluctantly sold *Murrawolga* to a fellow Sydney Game Fishing Club member but managed to find time to fish as a welcome guest on Club members' boats. In the event, Max lived on to the grand old age of 90 years, passing away in 1985.

Bob and Dolly Dyer immediately engaged Charlie Chambers as their personal skipper, a position that he held for 18 years through a variety of boats and a feast of experiences on the ocean, helping the Dyers to achieve their various fishing goals. Their boat *Tennessee 2* was a 38 ft twin engine sport fishing cruiser built by the renowned Australian timber boat building

Tennessee III.

firm of Lars Halvorsen and Sons to a design jointly developed by Bob Dyer and Harold Halvorsen. She featured one of the first flying bridges, with full controls, seen in Australia.

The Dyers had served their “apprenticeship” in off-shore angling and Charlie’s presence on board provided them with a man whose quiet confidence, and fishing and boat handling skills enabled them to move to another level. Charlie was a man famed for never raising his voice or appearing to be excited or impatient with either man or beast.

In the 1950’s, and into the early 1960’s, the city of Brisbane, in the northern State of Queensland, was home to a thriving whaling industry and had one of the two shore based processing plants in the country, on Moreton Island at Tangalooma, near the outflow of the Brisbane River into the ocean. The residue from the commercial processing activities attracted schools of oceanic sharks, including white pointers of unimaginable size, and tiger and whaler (bull) sharks in numbers and sizes never seen before.

The Dyers voyaged to these waters over a number of seasons to test their skills. Charlie piloted them to many major landings, including IGFA and Australian All Tackle and line class records for white pointer and tiger sharks.

At one stage, Bob competed with the legendary Alf Dean of South Australia for the All Tackle white pointer shark record, establishing the high mark with a 2342.5 lb (1062 kg) capture. Dean later eclipsed this record with a still unbeaten 2664 lb (1208.38 kg) fish. Over the years that the Tennessee 2 team fished the waters off Brisbane hundreds of sharks were captured, including an amazing 21 over a three day long weekend. Charlie was very much the man on the helm of the boat or on the gaff with most of these landings.

In 1960, the International Game Fish Association (IGFA) mandated a ban on the use of mammal flesh in the capture of sharks and game fish. The Game Fishing Association of Australia (GFAA) imposed an identical ban soon after. The coincidental closure of the shore whaling operations at Tangalooma hastened the demise of the shark fishing in the area shortly thereafter.

Charlie continued to operate the Dyer vessels as they fished in various Australian tournaments and abroad in Hawaii, New Zealand and in the Bahamas. Locally they were the team to beat and were victors in all the major events including the first national tournament, The All Australia Competition of 1963. In addition to organising for the fishing expeditions and

competitions, Charlie maintained the vessels and loaned his sign writing and carpentry skills in the production of sets and props for the Dyer's top rating quiz shows, travelling around the country in a hectic schedule of pre-recorded programmes.

In the mid 1960's, local interest had swung to rumours of huge fish to be found in the far northern waters off Cairns, Queensland. The Dyers, accompanied by Charlie, utilised a fishing lodge on Brampton Island in the Whitsunday Group

of Islands to pursue light tackle fishing for mackerel, wahoo and barracuda during the winter months. Their interest in the region further north was piqued by an exploratory charter aboard the large steel vessel *Tropic Seas*, run by the veteran crocodile hunter and fisherman Vince Vlasoff of Cairns. A trip of several weeks up to the far northern Lizard Island and Princess Charlotte Bay convinced them that the region was untapped for fantastic fishing.

Charlie Chambers, Max Lawson and Len Laurence- circa 1950

Around the same time, a former US Army member and now expatriate, George Bransford, had put a 31 ft vessel called *Sea Baby* into charter to confirm his belief that the Cairns Great Barrier Reef region was home to some of the largest marlin in the world. After a series of exciting but fruitless tussles with huge black marlin, the break-through came on September 25, 1966 with the capture of a 1064 lb ( 484kg) black marlin by Bransford's young US crewman, Richard Obach on 80 lb ( 37kg) tackle to establish a new World and Australian record. This fish was the catalyst for the over 50 years of astounding angling that has occurred on the Great Barrier Reef since.

The Dyers had purchased a 38 ft Australian built Bertram twin engine cruiser christened *Tennessee 111*. They had determined that the Spring season was probably the best time to search for big marlin off North Queensland and to this end had set sail on the long trip from Sydney to Cairns. They were actually in Mourilyan Harbour, near Innisfail, when they heard of the astounding news of Richie Obach's marlin, caught the previous day. They immediately set out for the waters of Euston Reef, wide off Cairns where Charlie guided them to the capture of two big black marlin- 738.5 lb (336 kg) on 130 lb (60 kg) tackle for Bob and 655 lb (298 kg) for Dolly, also on 130 lb. Both were Australian record claims and were the start of many outstanding captures by the Dyer/ Chambers team.

After undertaking several weeks of exploratory fishing in the region, they mulled over the possibilities for the next season and whether their hopes for the area would come to fruition. The decision was taken to acquire and place a new and specially rigged 25 ft Australian Bertram sport fisherman at Cairns. Charlie subsequently undertook the long road trip from Melbourne to Cairns, a 2500 miles journey towing the sizeable load on a heavy duty multiple wheel trailer, behind a light truck. The trip was not without its dramas on the then poor highways linking the eastern Australian centres, including the loss of a wheel through a fractured trailer axle. The vessel eventually arrived

1098lb Black Bob Dyer

safely and was christened *Little Tenn* and operated as a fast day boat from Cairns.

The following season saw them capture and release numerous sizeable black marlin and many varieties of light gamefish. For the 1970 season, they again ventured north with *Tennessee 111* for more comfort and space at sea. Again it was a moderately successful trip with all marlin released and the time spent was accepted as being valuable in adding to the team's experience and knowledge of the region.

In 1971, Charlie travelled to Florida USA to supervise the purchase and shipping of the Dyer's 53 ft Hatteras flybridge cruiser *Blue Rhapsody*. Charlie ran the vessel from Florida to New Jersey, via the Inter-coastal Seaway, to enable her to be loaded aboard a freighter as deck cargo. Upon her arrival in Sydney she was quickly piloted north to Cairns. The season saw many sizeable marlin released after tagging with the new US Woods Hole

Blue Rhapsody March 2011.

Marine Laboratory tags. Still the elusive 1000 pounder- the "grander" remained to be caught.

For the 1972 season, Charlie guided *Blue Rhapsody* well north to Princess Charlotte Bay and the waters of Lizard Island, which the team declared to be potentially the most productive grounds in the Coral Sea. On September 23, 1972 well outside the outer reef drop-off Bob hooked into a big black marlin on 130 lb tackle, and after a lively fight they managed to subdue the giant fish. At the weighing station at Cairns Game Fishing Club, the scales pulled down to 1086 lbs (494 kg), their first grander.

The capture of this big marlin seemed to open the gates, for over the next month Bob weighed two more giant blacks- 1098 lb (499 kg) and 1145 lb (520 kg). The former fish was captured on 80 lb (37 kg) tackle to establish a new IGFA and Australian record. The season concluded for *Blue Rhapsody* with Captain Charlie at the helm, with many smaller marlin tagged and released- the tally overall now reached into the hundreds.

The 1973 Cairns marlin season saw the team boat and weigh two more "granders"-1138 lb (517 kg) and 1220 lb (554

kg), the latter being the Dyer/ Chambers team's heaviest ever marlin. From this time on, they resolved to only tag and release marlin. They certainly had nothing to prove and had exceeded their wildest dreams with fish captured and weighed, and a huge number released.

The constant travel and long intervals away from family persuaded Charlie to retire at the end of the 1973 season, upon the boat's return to the home port of Sydney. He had run the various Dyer vessels for 18 years and had guided and skippered them to some of the most celebrated game fishing ever seen- Charlie Chambers was the dean of Australian game boat skippers, a loyal and dedicated man who was also one of nature's gentlemen.

Charlie did not "swallow the anchor" for very long and undertook skippering duties for a number of Sydney based owners but he now managed to stay reasonably close to home. Regrettably, on August 3, 1981, Charlie suffered a fatal heart attack and died aged only 60 years, ending a life well lived and so full of adventure and achievement. His ashes were subsequently scattered on his beloved ocean by fellow members of Sydney Game Fishing Club.

# Annual GFAA awards and trophies

Each year GFAA-administered trophies for Capture and Tag & Release are awarded to anglers fishing in Australian waters. The Capture trophies are the Tom Bell Trophy and the Peter Goadby Trophy. The Tag & Release trophies are the John O'Brien Trophy, the Sir Garrick Agnew Trophy, the Bob Lowe Trophy, the Peter Bennett Trophy, and the trophy for the Highest Point-scoring Boat, which was donated by Tailored Marine Accessories.

In 2003 anglers had three new trophies to fish for: the Geoffrey Woolley Trophy for the most meritorious tag & release achievement by an adult angler, the Grahame Williams trophy for the most sharks tagged by an angler, and the John and Anne Brooker Trophy for the most southern bluefin tuna tagged by an angler.

In 2004 another trophy was added: the Neil Patrick Trophy for the most other gamefish tagged by an angler.

In 2012 the David Litchfield Trophy was added for the highest point scoring boat tag & release marlin in Australian waters.

The operative year for all trophies is from 1st July in one year to 30th June the following year. Entries for the Tom Bell Trophy, Peter Goadby Trophy, Bob Lowe Trophy, Peter Bennett Trophy

and Geoffrey Woolley Trophy must be submitted to GFAA by clubs through their State Association, and will be judged by the GFAA Executive. All other trophies are based on tag cards received by NSW Fisheries. To be eligible for the Peter Bennett Trophy the angler must be under 16 years of age at the time of the event.

It should be recognised that a claim need not be an Australian record to win the trophy. However, sufficient data must accompany the application to satisfy the Executive of its validity. The decision to award a trophy, or otherwise, rests totally with GFAA and no correspondence will be entered into.

There are also three trophies available at the Australian International Billfish Tournament, a prestigious tournament held every year from a different location: the Ern Palmer Trophy awarded to the winning team, the Moreton Bay Trophy awarded to the runner-up team (previously champion international team), and the Mal Ramsey Trophy awarded to the champion angler (previously champion Australian team).

Note: The use of the 'billfish only' tag is mandatory to be eligible to win any GFAA billfish trophies and awards.

## EW PALMER TROPHY

From 1963-1975 awarded to the winning team at any All-Australian contest under the auspices of GFAA All-Australian competition. From 1981 awarded to the winning team(s) at the Australian International Billfish Tournament (AIBT).

- 1963 *Tennessee II*, Sydney GFC — Bob Dyer, Dolly Dyer, Basil Davidson (Sydney)
- 1965 *JAC III*, Sydney GFC — John Kellion, Peter Goadby, John McIntyre, Kevin Brennan (Sydney)
- 1967 *Adriatic III*, Port Hacking GFC — Frank Lipanovich, Fred Leate, John Davidson, Terry Healy (Sydney)
- 1969 *Kestelle*, Broken Bay GFC — Bob Oliver, Frank Pfeiffer, Ern Leslie, Eric Howarth (Port Hacking)
- 1971 *Kakana*, Sydney GFC — Neil Sutton, Bob Barstow, David Steele, C Barstow (Port Hacking)
- 1973 *Georgina*, Broken Bay GFC — Don Swavley, Jens Christensen, Phillip Swavley, Peter Swavley (Broken Bay)
- 1975 *Kakana*, Sydney GFC — Neil Sutton, David Steele, Bob Barstow (Broken Bay)
- 1981 *Victoria 2* — Len Rowler, Joy Rowler, Bob Denham (Moreton Bay)

- 1982 South Queensland — Laurie Munroe, Pat Gay, Mal Ramsay (Moreton Bay)
- 1983 North Queensland — Jack Erskine, Tom Roche, Jim Dalling (Moreton Bay)
- 1984 South Australia — Ern Palmer, Bill Coombs, John Johnston (Moreton Bay)
- 1985 South Queensland — Bill Siganto, Arthur Trass, David Farley, John McPherson (Moreton Bay)
- 1987 North Queensland — Eddie Wong, Leigh O'Brien (Jnr), Damien Savis (Jnr), Tina McMillan (Jnr), (Townsville)
- 1988 Hong Kong — Bob McKernan, Alan Curtis, John Ridley (Townsville)
- 1989 St George Sportfishing Club — Al Hooper, Barry Yates, Roy Allen, Neil Sutton (Townsville)
- 1990 St George Sportfishing Club — Al Hooper, David Yiend, Roy Allen, Neil Sutton (Townsville)
- 1992 GFC of South Australia — Bob Forbes, Lance Vater (Townsville)
- 1993 Gold Coast GFC — Ian Bladin, David Bladin (RQYS)
- 1994 GFC of South Australia — John Johnston, Allen Turnbull, Rolf Czabyski (Gold Coast)
- 1995 Tag & Release: Newcastle & Port Stephens GFC — Steven Corder, Clifton Corder, Kevin Corder, John Ambrose, Benny Hancock; Capture: Botany Bay GFC — Michael Bednaic, Les Vella, Ron Van Ham, Mark Gunning (Botany Bay)

- 1996 Tag & Release: Ulladulla Sport & Game Fishing Club — Chris Brack, Gary Foster, Shaun Malone, Mike Trevaskis, Steve Pisoni, Ed Kennett; Capture: Botany Bay GFC — John Siphthorp, Anthony Smith, David Stephens, Glen Crawford, Grant Cammack (Botany Bay)
- 1997 Tag & Release: Port Macquarie GFC — David Wilson, David Sinclair, Tony Graham, Jeff Wilson, Bob Ronfa; Capture: Broken Bay GFC — Graham Bland, John Franklin, Bert Lloyd, Arthur Foy (Port Stephens)
- 1998 Lake Macquarie GFC — Geoff Wyatt, Jason Nunn, Peter Sanderson, Allan McCafferty (Port Stephens)
- 1999 Newcastle & Port Stephens GFC — Chris Russell, David Russell, Richard Robinson (Port Stephens)
- 2000 Canberra GFC — Gary Cairns, Ron Smith, Darren Sterzenbach, Steve Bowden (Batemans Bay)
- 2001 Sydney GFC — Vern Padogas, Jeff Wood (Port Hacking)
- 2002 Wallongong GFC — Peter Brown, Bob Pearson, John Pearson (Port Hacking)
- 2003 Bermagui BGAC — Steve Pearce, Lucas Nunn
- 2004 Batemans Bay GFC — Karen Mitchell, Jane Cutler
- 2005 Great Lakes GFC (NSW) — Robert Fitzalan, Brock Bunderus, Richard Baker, Paul Meredith, Lynne Meredith
- 2006 Newcastle & Port Stephens GFC (NSW) — Michael Blanche, Daniel Johnston
- 2007 Sunshine Coast GFC (QLD) — Robert Smith, Mark Bird, Conor Lynch
- 2008 Newcastle & Port Stephens GFC (NSW) — Gary Holt, Alan Ward, James Holt, Marc Storr
- 2009 Botany Bay GFC (NSW) — Keith Johnson, Fred Johnson, Geoff Brooks

- 2010 Sydney GFC (NSW) — Phillip Webster, Daniel Carlson, Jeff Hudson, Andrew Davis
- 2011 Exmouth GFC (WA) — Neil Silver (c), Seth Nafte, Chris Pol
- 2012 Exmouth GFC (WA) — James Roscik (c), Matt Nikkula, Steve Moore, Rowan Smith, Andrew Griffiths, Jeremy Klar
- 2013 Broome FC (WA) — Chris Nisbet, Jason Bull, Richard Black, Al Sartori, Steve Ring
- 2014 Our Time: Capt Matt Gates, Jim Ireland, Richard Black, Colin Dawe
- 2015 Cairns Bluewater GFC (Qld) — Sue Crocker, Townsville GFC — Mick Meiers, Hervey Bay GFC — Doug Sanderson
- 2016 Askari — Corey Hard, Shane Siphthorp, Mitch Liddell, Rhys Younan-Wise, Jay Housman
- 2017 Bravo — Jan Jarvis (Perth), Peter Falkner (Darwin), Gavin Jones (Darwin)
- 2018 Haulin: Graeme Heal, Gabriel Gomez, Jason Edwards, Tom Miller, Mick Campbell
- 2019 Hervey Bay GFC: Doug Sanderson, Mick Meiers, Sue Crocker

### MORETON BAY TROPHY

Awarded to the runner-up team at the AIBT.

- 2003 Ulladulla S & GFC — Don Goswell, Troy Dowling
- 2004 Tathra AFC - GFS — David Fitzpatrick, Jacinta Riseley, Paul Broderick
- 2005 Port Hacking GFC (NSW) — John Dunphy, Mark Mikkelsen, Daniel Mikkelsen, Steve Tucker, Grant Grounds
- 2006 Great Lakes GFC (NSW) — Ozzie Collins, David Ross, Bill Walker, Craig Walker
- 2007 Not Won
- 2008 Gold Coast GFC — Simon Christidis, Peter Hargraves, Peter Purcell, Ross Talbot
- 2009 Newcastle & Port Stephens GFC (NSW) — Scott Lee, Jason Lee, Katie Lee, Phillipa Seldon
- 2010 Lake Macquarie GFC (NSW) — Simon Carosi, Jacinta Thomas, Daniel Thomas, Dean Wood
- 2011 Exmouth GFC (WA) — Bernie Vale (c), Darren Garraway, Shaun Lennon, Kim Renner, Paul Rowe, Matt Lupton
- 2012 Perth GFC (WA) — Josh Bruynzeel (c), Chris Fonti, Chris Pol, Nathan Sibley
- 2013 Broome FC (WA) — Geoff Ellens, Emile Ellens, Steve Parlumbo, Joe Sutherland
- 2014 On Strike: Capt Josh Bruynzeel, Chris Fonti, Chris Wylde, Megan Schukowsky
- 2015 Cairns Bluewater GFC (Qld) — Dan Bergamo, Matthew Bergamo, Anthony Bergamo, Benjamin Bergamo and Ben Hardy
- 2016 Athahido — Josh Eggins, Paul Axisa, Lachie Eggins, Alan Geale, James Kinniburgh
- 2017 Gold Strike II — John Fraurud, Brian Arnett (Exmouth GFC)
- 2018 Azura: Dave Thomson, Eddy Lawler, Doug Sanderson, Riley Smith, Bob Witcombe
- 2019 Dun Deal: Anthony Dunlea, Kevin Foster, Hannah Dunlea

### MAL RAMSAY TROPHY

Awarded to the champion angler at the AIBT.

- 2003 Lucas Nunn — Bermagui BGAC
- 2004 Paul Broderick — Tathra AFC - GFS
- 2005 Steven Gardener — Bermagui BGAC (NSW)
- 2006 Daniel Johnston — Newcastle & Port Stephens GFC (NSW)
- 2007 Conor Lynch — Sunshine Coast GFC (QLD)
- 2008 James Holt — Newcastle & Port Stephens GFC (NSW)
- 2009 Fred Johnson — Botany Bay GFC (NSW)
- 2010 Anis Keramidis — Sydney GFC (NSW)
- 2011 Kurt Williamson — Exmouth GFC (WA)
- 2012 Sahra Pittman — Exmouth GFC
- 2013 Troy Dahlstrom — Broome FC
- 2014 Murray Teasdale — Exmouth GFC (WA)
- 2015 Sue Crocker — Cairns Bluewater GFC (Qld)
- 2016 Mitch Liddell — Boat: Askari
- 2017 James Dedman — King Bay GFC
- 2018 Janelle Hodgson — Exmouth GFC
- 2019 Rolf Czabayski — GFC of SA

### JOHN O'BRIEN TROPHY

Awarded to the highest tag & release point-scoring GFAA club.

- 1983-84 Cairns GFC
- 1984-85 Townsville GFC
- 1985-86 Townsville GFC
- 1986-87 Cairns GFC
- 1987-88 Moreton Bay GFC
- 1988-89 Townsville GFC
- 1989-90 Newcastle & Port Stephens GFC
- 1990-91 Gold Coast GFC
- 1991-92 Newcastle & Port Stephens GFC
- 1992-93 Townsville GFC
- 1993-94 Townsville GFC
- 1994-95 Roebuck Bay Game & Sportfishing Club
- 1995-96 Newcastle & Port Stephens GFC
- 1996-97 Newcastle & Port Stephens GFC
- 1997-98 Sunshine Coast GFC
- 1998-99 Sunshine Coast GFC
- 1999-00 Sunshine Coast GFC
- 2000-01 Sunshine Coast GFC
- 2001-02 Sunshine Coast GFC
- 2002-03 Broome GFC
- 2003-04 Sunshine Coast GFC (186,492 pts)

- 2004-05 Newcastle & Port Stephens GFC (224,310 pts)
- 2005-06 Newcastle & Port Stephens GFC (132,032 pts)
- 2006-07 Sunshine Coast GFC (175,506 pts)
- 2007-08 Sydney GFC (108,256 pts)
- 2008-09 Sunshine Coast GFC (132,579 pts)
- 2009-10 Exmouth GFC (240,977 pts)
- 2010-11 Exmouth GFC (144,073 pts)
- 2011-12 Newcastle & Port Stephens GFC (191,414 pts)
- 2012-13 Sunshine Coast GFC (211,428 pts)
- 2013-14 Exmouth Game Fishing Club
- 2014-15 Gold Coast GFC (163,130 pts)
- 2015-16 Newcastle & Port Stephens GFC
- 2016-17 Sunshine Coast GFC (197,134 pts)
- 2017-18 Sunshine Coast GFC (289,122 pts)
- 2018-19 Sunshine Coast GFC (172,040 pts)
- 2019-20 Weipa Billfish Club (181,255 pts)

### SIR GARRICK AGNEW TROPHY

Awarded to the angler who tagged and released the most billfish in Australian waters.

- 1987-88 Michael Delaunay (16)
- 1988-89 Graham Deanshaw (27)
- 1989-90 Lance Vater (14)
- 1990-91 Len Brooks (31)
- 1991-92 Len Brooks (54)
- 1992-93 Leon Wregg (44)
- 1993-94 Bryan Frost (29)
- 1994-95 Steve Chambers (17)
- 1995-96 Stephen Williams (26)
- 1996-97 Tony Graham (35)
- 1997-98 Michelle Jansz (88)
- 1998-99 Peter Pescell (98)
- 1999-00 Tony Pink (31)
- 2000-01 Fred Temminck (24)
- 2001-02 Tie: Andrew Yeh and Vic Levett (28)

2002-03	Marc Storr (20)
2003-04	Bart Portelli (43)
2004-05	Bart Portelli — Sydney GFC (43)
2005-06	Bart Portelli — Sydney GFC (41)
2006-07	Jeff Oates — Sunshine Coast GFC (47)
2007-08	Bart Portelli — Sydney GFC (40)
2008-09	Jay Graham — Sunshine Coast GFC (38)
2009-10	Jeff Oates — Sunshine Coast GFC (56)
2010-11	Scott MacGowan — King Bay GFC (51)
2011-12	Gavin Goodwin — Groote Eylandt G&SFC (39)
2012-13	Jeff Oates — Sunshine Coast GFC (82)
2013-14	Channon Arbutnot (55)
2014-15	John Stehmann — Gold Coast GFC (43)
2015-16	Chloe Laurence — Botany Bay GFC (41)
2016-17	Tyrone O'Connor — Bermagui BGAC (41)
2017-18	Darryl French — Weipa Billfish Club (71)
2018-19	Dale Penhall (72)
2019-20	Darryl French (80)

### BOB LOWE TAG & RELEASE TROPHY

The most meritorious tag & release achievement by a GFAA-affiliated club in Australian waters.

1993-94	Roebuck Game & Sportfishing Club
1994-95	Newcastle & Port Stephens GFC

1996-97	Darwin GFC
1997-98	Sunshine Coast GFC
1998-99	Perth Game Fishing Club
1999-00	Latrobe Valley GFC
2000-01	Sydney Game Fishing Club
2001-02	Lake Macquarie GFC
2002-03	Game Fishing Club of South Australia
2003-04	Sydney Game Fishing Club
2004-05	Broken Bay GFC
2005-06	The Southern Game Fish Club, Tasmania
2006-07	St Helens Game Fishing Club
2007-08	St Helens Game Fishing Club
2008-09	Southern Gamefish Club
2009-10	Newcastle & Port Stephens GFC
2010-11	South Gippsland GFC
2011-12	Newcastle & Port Stephens GFC
2012-13	The Hervey Bay GFC
2013-14	Warmambool Offshore & Light GFC
2014-15	Canberra Game Fishing Club
2015-16	Tuna Club of Tasmania
2016-17	Game Fishing Club of SA
2017-18	Newcastle & Port Stephens GFC
2018-19	Canberra GFC
2019-20	GFC of SA

### PETER BENNETT TROPHY

Most meritorious tag & release achievement by a GFAA junior in Australian waters.

1997	Lindsay Dorney (Newcastle & Port Stephens GFC)
1998	Lindsay Dorney (Newcastle & Port Stephens GFC)
1999	Ryan Bettison (Lake Macquarie GFC)
2000	Andrew Blyth (Broken Bay GFC)
2001	Jim Rocchi (Lake Macquarie GFC)
2001-02	Pascal Paton (Broken Bay GFC)
2002-03	James Holt (Broken Bay GFC)
2003-04	Jordan Atkin (Lake Macquarie GFC)
2004-05	Fletcher Scott (Huskisson G&SFC)
2005-06	Sophie Stewart (Ribbons Ladies GFC)
2006-07	Amy McAndrew (Broken Bay GFC)
2007-08	Jacinta Thomas (Lake Macquarie GFC)
2008-09	Kiara McMahon (Newcastle & Port Stephens GFC)
2009-10	Kiara McMahon (Newcastle & Port Stephens GFC)
2010-11	Connor Craven (Newcastle & Port Stephens GFC)
2011-12	Braden McDonald (Groote Eylandt G&SFC)
2012-13	Mathew Sandy — (Victoria GFC)
2013-14	Locki Nichols (Tuna Club of Tasmania)
2014-15	Riley Smith (Exmouth GFC)
2015-16	Toby Mason (King Bay GFC)
2016-17	Mikayla Jongejan (Mooloolaba GFC)
2017-18	Ethan Wrack (Mooloolaba GFC)
2018-19	Max Grasso (King Bay GFC)
2019-20	Max Grasso (King Bay GFC)

### TOM BELL TROPHY

Awarded to the angler who captures the heaviest gamefish (excluding sharks) in Australian waters.

1965-66	George Park	626lb	bluefin tuna
1966-67	Richard Obach	1064lb	black marlin
1967-68	Basil Mitchell	1208lb	black marlin
1968-69	Bill Dickens	1157lb	black marlin
1969-70	Ed Seay	1124lb	black marlin
1970-71	Sir William (Alf) Stevenson	1231.5lb	black marlin
1971-72	George McKendrick	1133lb	black marlin
1972-73	Jo Jo Delguercio	1271lb	black marlin
1973-74	Michael Magrath	1442lb	black marlin
1974-75	Basil Mitchell	1257lb	black marlin
1975-76	Neville Green	1367lb	black marlin
1976-77	Peter Storrer	1286lb	black marlin
1977-78	Tie: Garrick Agnew and Georgette Douwma	1323lb	black marlin
1978-79	Jack Nicklaus	1358lb	black marlin
1979-80	Morton D May	1347lb	black marlin
1980-81	Roy Reeds	1313lb	black marlin
1981-82	Gus Schram	1392lb	black marlin
1982-83	Rick Jones	1236lb	black marlin
1983-84	Jack Anderson	1307lb	black marlin
1984-85	M Benmergui	1227lb	black marlin
1985-86	Alan Turnbull	1271lb	black marlin
1986-87	Bob Connellan	1291lb	black marlin
1987-88	Jeffrey McCloy	1067lb	black marlin
1988-89	H Priddle	1199lb	black marlin
1989-90	David Cadman	933lb	black marlin
1990-91	Janet Forster	1052lb	black marlin
1991-92	Phil Pratt	1267lb	black marlin
1992-93	Tim Holmes	589kg	black marlin
1993-94	Leon Hall	496.4kg	black marlin
1994-95	Howard Spence	254kg	blue marlin
1995-96	Takaaki Ushimura	408kg	black marlin

1996-97	Sandra (Honey) Pflieger	484kg	black marlin
1997-98	Nawaji Shinagawa	477kg	black marlin
1998-99	Melanie Kisbee	452.2kg	blue marlin
1999-00	John Kilgour	463.1kg	black marlin
2000-01	Robert Manwaring	252kg	blue marlin
2001-02	Jason Caughlan	631kg	black marlin
2002-03	Robert Henderson	284kg	blue marlin
2003-04	Darren Peak	201kg	blue marlin
2004-05	Wal Aulsebrook	258kg	blue marlin
2005-06	Graham Powe	258kg	blue marlin
2006-07	Jason Simpson	254.2kg	blue marlin
2007-08	Mark Hislop	504.5kg	black marlin
2008-09	Ross Smith	362.5kg	blue marlin
2009-10	Wade Harper	288.7kg	blue marlin
2010-11	Len Vollebregt	283.88kg	blue marlin
2011-12	Philip Lamond	246.7kg	blue marlin
2012-13	Jason Scholes	219kg	blue marlin
2013-14	Rowan Smith	368.2kg	blue marlin
2014-15	Michael Kirby	265.5kg	blue marlin
2015-16	Daniel Cock	273.6kg	blue marlin
2016-17	Justin Keith	348.5kg	blue marlin
2017-18	Ralph Czabayski	506kg	black marlin
2018-19	Marc Lagerewskij	319.7kg	broadbill swordfish
2019-20	Tara Rowe	267.5kg	blue marlin

### PETER GOADBY TROPHY

Awarded to the angler who captures the heaviest shark in Australian waters.

1983-84	John Johnston	626kg	tiger shark
1984-85	Rolf Czabayski	552.5kg	white shark
1985-86	Robert Donehue	531kg	tiger shark
1986-87	George Trinkler	535kg	tiger shark
1987-88	Paul Besoff	503kg	tiger shark
1988-89	Vic Sampson	620kg	white shark
1989-90	Neville Gray	477kg	tiger shark
1990-91	Glen Kirkwood	619kg	tiger shark
1991-92	Glen Booth	590kg	tiger shark
1992-93	Trent Visscher	472kg	tiger shark
1993-94	David Rix	840kg	white shark
1994-95	Jason Caughlan	919kg	white shark
1995-96	Ralph Czabayski (Jnr)	542.5kg	white shark
1996-97	Steve Marris	764kg	white shark
1997-98	Rolf Czabayski	699.5kg	white shark
1998-99	Craig Walkom	553.5kg	tiger shark
1999-00	Chris O'Toole	568kg	tiger shark
2000-01	Stephen Milligate	480kg	tiger shark
2001-02	Robert Baker	593kg	tiger shark
2002-03	Ryan Jones	498kg	tiger shark
2003-04	Jason Hewitt	506kg	tiger shark

2004-05	Graham French	515.5kg tiger shark
2005-06	Simon Pender	458kg tiger shark
2006-07	Daniel Johnston	529kg tiger shark
2007-08	Jason Hewitt	694.5kg tiger shark
2008-09	Richard Bull (Lake Macquarie GFC)	512kg tiger shark
2009-10	Tony Pink (Lake Macquarie GFC)	575.8kg tiger shark
2010-11	Iain Houlford (Jervis Bay GFC)	489kg tiger shark
2011-12	Tristan Davis (Central Coast GFC)	587.5kg tiger shark
2012-13	Clint Starkey (Newcastle & Port Stephens GFC)	341.5kg mako shark
2013-14	Shaun Thornton (Lake Macquarie GFC)	511.5kg tiger shark
2014-15	Phil Kean (Broken Bay GFC)	614kg tiger shark
2015-16	Joel Nancarrow (Lake Macquarie GFC)	625.5kg tiger shark
2016-17	Todd Pike (Shoalhaven GFC)	583.2kg tiger shark
2017-18	Elliot Gyler (Lake Macquarie GFC)	543.5kg tiger shark
2018-19	Janet West (Broken Bay GFC)	470.5kg tiger shark
2019-20	Jason Hewitt (Newcastle GFC)	515.2kg tiger shark

### TAILORED MARINE TROPHY

Awarded to the highest point-scoring boat for Tag & Release in Australian waters.

1999-00	<i>Bill Collector</i> — Canberra GFC
2000-01	<i>Reel Capture</i> — Sunshine Coast GFC
2001-02	<i>Reel Capture</i> — Sunshine Coast GFC
2002-03	<i>Reel Chase</i> — Townsville GFC
2003-04	<i>Keneka</i> — (26,200 pts) Sunshine Coast GFC
2004-05	<i>Palagero</i> — (28,782 pts) Sunshine Coast GFC
2005-06	<i>Reel Chase</i> — (31,200 pts) Townsville GFC
2006-07	<i>Watch Ya Problem</i> (28,490 pts) — Sunshine Coast GFC
2007-08	<i>Reel Smoka</i> (20,860 pts) — Sydney GFC
2008-09	<i>In Deep</i> (18,000pts) — Exmouth GFC
2009-10	<i>Reel Capture</i> (29,602 pts) — Sunshine Coast GFC
2010-11	<i>The Wench</i> (33,200 pts) — King Bay GFC
2011-12	<i>No More Favours</i> (36,605 pts) — Groote Eylandt G&SFC
2012-13	<i>Kamikaze</i> (42,200 pts) — Sunshine Coast GFC
2013-14	<i>The Wench</i> (48,802 pts) — King Bay GFC
2014-15	<i>Chaos</i> (40,000 pts) — Sunshine Coast GFC
2015-16	<i>Polaris</i> (38,850 pts) — Eden Sports & GFC
2016-17	<i>Chaos</i> (38,416 pts) — Sunshine Coast GFC
2017-18	<i>Pole Dancer</i> (60,800 pts) — Sunshine Coast GFC
2018-19	<i>The Wench</i> (49,246 pts) — King Bay GFC
2019-20	<i>Get N Any</i> (44,000pts) — Weipa Billfish Club

### GEOFFREY WOOLLEY TROPHY

Awarded for the most meritorious tag & release achievement by an adult angler in Australian waters.

2002-03	Bart Portelli — Sydney GFC
2003-04	Damian Elmer — St Helens GFC
2004-05	Bart Portelli — Sydney GFC
2005-06	Sam Taranto — Bass Strait GFC
2006-07	Glenn Nutter — Townsville GFC
2007-08	Bart Portelli — Sydney GFC
2008-09	Dennis Minuti — Jervis Bay GFC
2009-10	John Rankin — Eden S & GFC
2010-11	Mitchell Hogg — Lake Macquarie GFC
2011-12	Anton Vogiatzis — Victorian GFC
2012-13	Colin Ward — Hervey Bay GFC
2013-14	Paul Rebbechi — Eden Sports & GFC
2014-15	Shane Evans — Adelaide Game Fishing Club
2015-16	Gerard Billing — Coffs Harbour GFC
2016-17	Cassie Herbert — Newcastle & Port Stephens GFC
2017-18	Sharon Poulter — Cairns Bluewater GFC
2018-19	Daniel Paull — GFC of Northern Tasmania
2019-20	Sandy Gorecki — Jervis Bay GFC

### GRAHAME A WILLIAMS TROPHY

Awarded to the angler who tagged and released the most sharks in Australian waters.

2002-03	Neil Schulz (30) — SEQTAR Club
2003-04	Neil Schulz (102) — SEQTAR Club
2004-05	Stephen Parker (58) — Canberra GFC
2005-06	Stephen Parker (63) — Canberra GFC
2006-07	Gordon MacDonald (25) — Moreton Bay Boat Club G&SFC
2007-08	Shane Ashton (14) — Shellharbour GFC
2008-09	Danny Standing (13) — Bass Strait GFC
2009-10	Adam Todd (21) — Adelaide GFC
2010-11	Jono Livingstone (21) — Lake Macquarie GFC
2011-12	Cody Wright (14) — Exmouth GFC
2012-13	Dennis Heinicke (13) — Adelaide GFC
2013-14	Krystal Wieteki (14) — Shoalhaven GFC
2014-15	Mitchell Liddall (17) — Sydney GFC
2015-16	Toby Mason (34) — King Bay GFC
2016-17	Patrick Shaw (44) — Sydney GFC
2017-18	Chloe Hornhardt (33) — King Bay GFC
2018-19	Mia Wright (51) — Sydney GFC
2019-20	Peter Mc Mahon (33) — Eden S&GFC

### JOHN AND ANNE BROOKER TROPHY

Awarded to the angler who tagged and released the most southern bluefin tuna in Australian waters.

2002-03	Tie: Scott Sinclair & Bradley Smith (2) — GFCSA
2003-04	Tie: Ryan Baillie & Ben Oakley (2) — Tuna Club of Tasmania
2004-05	Stephen Morris (17) — GFC of SA
2005-06	Janet Forster (26) — GFC of SA
2006-07	Dennis Heinicke (90) — Adelaide GFC
2007-08	Dennis Heinicke (111) — Adelaide GFC
2008-09	Damon Lovell (89) — GFC of South Australia
2009-10	Ian Carrison (230) — Adelaide GFC
2010-11	Max Barrett (153) — Port MacDonnell OAC
2011-12	Leo Miller (30) — Tuna Club of Tasmania
2012-13	Ian Tarbottom (43) — GFC of SA
2013-14	Tony Bell (66) — Port MacDonnell OAC
2014-15	Rolf Czabyski (126) — GFC of South Australia
2015-16	Russel Bianco (303) — GFC of South Australia
2016-17	Ashley North (39) — GFC of SA
2017-18	Rolf Czabyski (146) — GFC of South Australia
2018-19	Jan Oosthuizen (62) — Warmambool O&LGFC
2019-20	Ralph Czabyski (46) — GFC of South Australia

### NEIL PATRICK TROPHY

Awarded to the angler who tagged and released the most other gamefish in Australian waters.

2003-04	John Rankin (214) — Eden S&GFC
2004-05	Brian Schofield (374) — Eden S&GFC
2005-06	John Rankin (404) — Eden S&GFC
2006-07	John Rankin (170) — Eden S&GFC
2007-08	Dennis Heinicke (116) — Adelaide GFC
2008-09	Stephen Morris (97) — GFC of South Australia
2009-10	Ian Carrison (234) — Adelaide GFC
2010-11	Max Barrett (154) — Port MacDonnell OAC
2011-12	Bradren McDonald (113) — Groote Eylandt G&SFC
2012-13	Aaron Komaromi (84) — Adelaide GFC
2013-14	Lewyn McDonald (115) — Groote Eylandt S & GFC
2014-15	Rolf Czabyski (127) — GFC of South Australia
2015-16	Russel Bianco (306) — GFC of South Australia
2016-17	Ashley North (55) — GFC of SA
2017-18	Rolf Czabyski (147) — GFC of South Australia
2018-19	Max Grasso (98) — King Bay GFC
2019-20	Hayden Steinemann (90) — GFC South Australia

### DAVID LITCHFIELD TROPHY

Awarded to the highest point scoring boat for tag & release marlin in Australian waters.

2011-12	Gunrunner (61) — N'cle & PSGFC
2012-13	Kamikaze (101) — Sunshine Coast GFC
2013-14	The Wench (25,600 pts) King Bay GFC
2014-15	Chaos (39,600 pts) — Sunshine Coast GFC
2015-16	Polaris (35,600 pts) — Eden Sports & GFC
2016-17	Chaos (38,400 pts) — Sunshine Coast GFC
2017-18	Pole Dancer (60,800 pts) — Sunshine Coast GFC
2018-19	Pole Dancer (46,800 pts) — Sunshine Coast GFC
2019-20	Reel Crazy (28,400 pts) — Sunshine Coast GFC

### JOHN DUNPHY YOUNG ACHIEVER AWARD

Awarded to juniors who have achieved a notable fishing capture or T&R accomplishment, or who have made an exceptional contribution to the sport of game fishing and/or been an outstanding role model for other juniors.

2015-16	Chloe Hammersley — GFC of Northern Tasmania
2016-17	Chloe Hornhardt — King Bay GFC
2017-18	Michael Behrens, Ethan Wrack, Mitchell Behrens — all Mooloolaba GFC
2018-19	James Dunn — Lake Macquarie GFC
2019-20	Mia Wright — Sydney GFC

# GFAA National Junior Tournament

1st July 2020 - 30th June 2021

Proudly sponsored by Shimano, Tackle World, Halco Tackle, Bluewater Boats & Sportsfishing and Australian Solid Fuel Testing. Tournament is open to Small Fry Anglers up to 11 years and Junior Anglers 11 years up to 16 years.

## Categories

### Capture & Release

(incorporating Tag & Release/Measure & Release)

Sections include water based (ie on a boat), land-based and freshwater species

Rules are as detailed in the GFAA Journal but maybe subject to change, please check with your Club or State Junior Coordinator or GFAA website.

## TO ENTER

- 1 You must be under 16 years of age.
- 2 Register & complete the official entry form On-line.
- 3 Entry is FREE

## Trophies

Each State will have eight winners (Male and female categories - for Small Fry Release, Small Fry Capture, Junior Release and Junior Capture). The two Small Fry and two Junior overall National Champions will receive an Australian Champion trophy.

## Other Prizes

Other prizes may be awarded for exceptional captures & tags throughout the year with further meritorious awards being provided for outstanding achievement.

Registration, Tournament rules and entry of Tagged & Captured fish is available at [www.gfaa.asn.au](http://www.gfaa.asn.au) – then click on Juniors.

# Annual awards and trophies

Each year, the eight winners (Male and female categories - for Small Fry Release, Small Fry Capture, Junior Release and Junior Capture) from each State are awarded a State Champion award. The two Small Fry and two Junior overall National Champions will receive an Australian Champion trophy. All perpetual trophies for the Junior National Tournament were donated by the late Mr Tom Roche, who was the tournament patron, and these trophies and awards are presented at the annual GFAA awards dinner.

## THE SESQUI-CENTENARY OR JESS SAMS ANGLING TROPHY

by John McIntyre - First Published January 2014

The Sesqui-Centenary or Jess Sams Angling Trophy was awarded to Mrs Jessica Sams of Ulladulla NSW for the capture of a 330 pounds (149.68kg) striped marlin on February 27, 1938, winning the heaviest game fish section of the four-month tournament held to celebrate the 150th anniversary of Australia's settlement, following Captain Arthur Phillip's founding of the colony at Sydney in January 1788.

Mrs Sams was born Jessica Millard at Milton, NSW in 1897, a daughter of a local pioneering family. She grew up in the Milton/Ulladulla area and moved to Sydney to work as a seamstress and milliner. She married Captain Archie Sams, a ship's captain, in 1926 and later returned to live in the region.

Always interested in fishing, Mrs Sams was attracted to the well-publicised game fishing competition which was one of the leading events arranged for the 150th anniversary celebrations. The organisers, who were prominent figures in the burgeoning game fishing movement, had persuaded the NSW State Government to donate valuable trophies for various categories of fish and sharks captured during the event. The principal prize was a stylised trophy that was described as "a magnificent gold and silver crafted replica of the Errol Bullen-owned fishing launch "Atalanta" riding the silver ocean swell. The crew of the vessel are modelled in gold standing on the deck. The tableau is mounted on a shaped pedestal of figured Australian woods. The words "International Big Game Fishing Contest" is inscribed on each of the gold banners fitted below the tableau. A map of Australia within a laurel wreath is applied to each side of the pedestal. The trophy was designed and crafted by Mr WJ Sanders of the well-known Sydney jewellers Fairfax and Roberts Ltd. The cabinet work was performed by Silkman and Coates of North Sydney.

Mrs Jess Sams had intended to fish from her husband's new boat "Lady Jess" but he had previously committed this boat to Mr Anthony Hordern, a well-known Sydney department store proprietor and sportsman. She arranged to charter the launch "Tory", owned by brothers Michael and Salvatore Puglisi, members of a famous professional fishing family. She obtained membership of both the Illawarra and the Milton and Ulladulla Game Fishing Clubs to satisfy the Contest entry

requirements and embarked upon her adventure in beautiful weather conditions at 6am on February 27.

Travelling south, by 11am she began to despair as five hours had elapsed since trolled baits were placed in the water astern of the vessel. Shortly after, a blind strike ensued and to her amazement 150 yards of line poured off the reel. She struck hard and was delighted to see a sizeable striped marlin leap from the water. She now realised that her borrowed tackle had only 350 yards of line on the six inch reel rigged under the light cane rod. Deft handling of the boat by Tory Puglisi enabled her to gradually recover line and the trace or leader was to hand four times before the striped marlin was brought to gaff and hauled aboard.

On arrival at Ulladulla it was discovered that no official weighing scales were available. Also there was some difficulty with the organisers of the Contest who had been contacted by telephone. It seems that there was no provision in the Rules for a woman to claim the Contest's principal trophy! Quick consultations ensued and it was agreed that Mrs Sams' fish would qualify under the rules provided it was officially weighed. Next morning Captain and Mrs Sams lashed the marlin to the roof of their car and drove up the Princes Highway to Jervis Bay where the marlin was duly attested to weigh 330 pounds (149.68 kg). The marlin capture took the major Contest trophy and established the Australian 130 pound tackle (60 kg) Woman's striped marlin record, which it remains today, one of the oldest records on the Game Fishing Association of Australia record chart.

Mrs Jess Sams displayed the trophy for visitors at her home for many years and in 1981 she donated it to the Australian Fishing Museum (now The Fishing Museum Ltd., a Game Fishing Association of Australia Inc.(GFAA) adjunct organisation). In 2013, the Jess Sams Trophy was refurbished at the direction of Mr Grahame Williams the Managing Director of the Fishing Museum Ltd, by WJ Sanders Pty Ltd. of Sydney, the sole surviving prestige trophy maker left in Australia and is displayed here in its pristine condition, probably the most significant and historic game fishing trophy in Australia.

## A season in turmoil is how best to describe the 2019-20 Junior Tournament year.

So many of our clubs and south east coastal regions were affected by bushfires in December and January, then the whole country was hit with the Covid19 virus in February. As the virus still lingers with us today, many of our regions have been off limits to fishing.

In March this year when the Federal Government instigated lock downs across the country, the GFAA Executive decided as of the close of business on 31st March to close Record Claims, GFAA Trophy point scoring and to discontinue the National Junior Tournament. A huge disappointment for all but a necessity given the circumstances.

Whilst the Tournament only progressed for a 9 month period, we saw a total of 234 anglers entered in the competition including 34 new anglers who registered throughout the year. We also had 22 of our junior anglers leave the tournament as they reached their senior angler status. Current active members total 212 Junior and Smallfry anglers. During the 9 months the tournament was conducted, 375 fish were tagged, 82 captured and 82 measured & released.

Around the country we have seen many achievements by our Junior and Smallfry anglers. The highlights of the "Release" category which includes both tag & release and

Cooper Rudd - 104cm barramundi.

measure & release are as follows.

In Queensland action was seen all around the coastline, Emmi Roberts in Weipa has had a cracking year tagging numerous sailfish and queenfish then topped it off with 14 barramundi measured & released. Fellow club mate Brody Hyytinen also tagged a number of sailfish, a cobia and queenfish. Lily Simms in Cairns tagged numerous sailfish and some solid black marlin. Maggie Mitchell at Townsville also tagged two black marlin. Ryan Meads at Mackay got amongst a variety of species tagging a black marlin, yellowfin tuna, narrow barred mackerel and a longtail tuna.

The Sunshine Coast is where the action was plentiful, The Bennett brothers, PJ and Daniel from the Mooloolaba GFC tagged 13 black marlin, two blue marlin and a sailfish. Friendly rivalry between two club members of the Sunshine Coast GFC was between Ben Massurit and Bryce Bartleson in a mammoth tussle trying to outdo each other, their statistics are unbelievable. Ben tagged 37 black marlin, 2 blue marlin, 3 sailfish as well as mahi mahi and tuna. Bryce tagged 35 black marlin, 12 blue marlin and three sailfish – an outstanding effort by both these young lads. Also on the Sunshine Coast from the Newport GFC was Tyler Barnes, as a Smallfry angler he tagged five black marlin, a shortbill spearfish, a wahoo, a yellowfin tuna as well as some smaller tuna species, what a great effort.

New South Wales had its fair share of action from the Central Coast to the far south coast. From the Central Coast GFC, Oska Davis has had a great year tagging his first ever marlin and finished with two black marlin, three striped

Ben Massurit releasing a small black marlin.

Emmi Roberts releases a Weipa sailfish.

marlin, a blue marlin, four tiger sharks, a mako and a whaler shark, now that's what you call a full house, well done Oska. Taj Mossman also from the Central Coast club tagged two black marlin.

From the Sydney GFC, sisters Makira and Mia Wright have both tagged blue marlin. At Shellharbour Amanda Lamond tagged a black marlin and a hammerhead shark while Hunter Davies also from the Shellharbour Club tagged three hammerhead sharks, a tiger shark, a mako shark and a whaler shark. From the far South coast Kaitlyn Schofield from Bermagui got amongst the striped marlin tagging six as well as a yellowfin tuna and several mahi mahi.

In Victoria, most anglers headed north to avail themselves of warmer weather, in doing so recording some impressive numbers. The Sandy family from the Victorian GFC fished out of Cairns as well as Bermagui in NSW, Mathew tagged six striped marlin while younger brother Damian five striped marlin, three black marlin, a blue marlin and a sailfish. Their sister Kirsten also tagged a 160kg black marlin at Cairns. Also from the Victorian GFC, Tait Missen tagged three sailfish at the Montebello islands in WA. The only fish tagged in Victorian

Lily Sims' record black marlin leaps away from the boat.

waters were five southern bluefin tuna tagged by Martin Oosthuizen at Warrnambool on the SW coast. Bear Marland and his sister Ruby from the South Gippsland GFC, who are children of one of our major sponsors, also measured & released several bream and flathead.

The only recorded measured & release fish from Tasmania were from new entrant Leah Tadman. Leah recorded four flathead, the new Bread and Butter species included in the Junior Tournament from January this year.

In Western Australia the outstanding performance has been from Max Grasso and his younger sister Mia. Max tagged 98 fish of varying species and measured & released a further 24. His sister Mia measured & released 16 fish. Also from the King Bay GFC, Chloe Hornhardt tagged 26 fish while younger sister Jessica five.

From the Northern Territory, Toby Knyvett from the Darwin GFC tagged three sailfish, fellow club mate Nat Saunders also tagged four sailfish. Cooper Rudd also from the Darwin club measured & released five barramundi and three snapper.

Unfortunately no tags or measured fish have been recorded from the anglers in South Australia.

On the Capture scene, numbers are down on previous years, but some outstanding efforts have still been recorded.

The most meritorious and highest point scoring fish was captured in January by Victorian angler Mathew Sandy, he landed a solid striped marlin at Bermagui weighing 95.7kg on 8kg line, it has since been accepted as an Australian and NSW State record and is a 10:1 capture – well done Mathew.

Other great captures included Jessica Hornhardt from WA and a tiger shark weighing 122.25kg on 6kg line, Mia Wright from NSW a pacific blue marlin weighing 99.8kg on 15kg line, Oska Davis with his striped marlin of 79.9kg on 10kg lineclass and Ben Massurit from Qld with his sailfish weighing 49.6kg on 8kg lineclass.

Congratulations to all those who have achieved outstanding results this year.

Special thanks our sponsors Shimano, TackleWorld, Halco Tackle, Bluewater Boats and Game Fishing and Australian Solid Fuel Testing. Without their generous support the National Junior Tournament would not be a success. I sincerely hope that the 2020-2021 season holds no unwanted surprises and the our Junior and Smallfry anglers can have an opportunity to get out on the water and enjoy our great sport.

Most of all stay safe.

Kevin Oates

GFAA National Junior Tournament Coordinator

### PATCHES FOR TAG & RELEASE

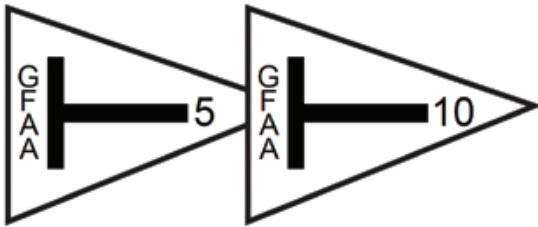

GFM Tag & Release patches are available to anglers who qualify as follows:

- Tag & release of five fish of three separate species, including sharks.
- Tag & release of 10 fish of five separate species, including sharks.
- Tag & release of 15 fish of five separate species, including sharks.

To qualify for the awards, the angler must submit the following:

1. species of fish;
2. dates of tag & release;
3. serial numbers of tag and card submitted to NSW State Fisheries; and
4. cheque for \$11.00 (incl. GST) for issue of patch.

Applications for Tag & Release patches must be submitted through the angler's club. Note: no certificate will be issued.

### PATCHES FOR BILLFISH TAG & RELEASE

GFAA Billfish Tag & Release patches are available to anglers who qualify as follows:

- Tag & release of five billfish.
- Tag & release of 10 billfish.

To qualify for the awards, the angler must submit the following:

1. Species of fish;
2. dates of tag & release;
3. serial numbers of tag and card submitted to NSW State Fisheries; and
4. A cheque for \$11.00 (incl. GST) for issue of patch.

Applications for Tag & Release patches must be submitted through the angler's club. Note: no certificate will be issued.

### MERIT PINS FOR CAPTURE

Merit pins may be awarded to anglers for captures made in Australian waters and recorded in each of the various line classes according to the tables below.

GFAA shall design and control the issue of such Capture merit pins, which shall be engraved with the initials GFAA and be symbolic of the fish for which the award is made.

Club secretaries shall, by the authority of GFAA, order and distribute Capture merit pins to club members who have submitted to them a written application supported by relevant Capture and Weight Recording Certificates. State branches shall advise GFM by 15th

### GAMEFISH MERIT PINS

Line class kg	Bronze kg	Silver kg	Gold kg	Merit kg
1	2	3	4	8

60	30	420	650	1300

July each year of the number of each type of Capture merit pin so distributed.

Only one Capture merit pin for each species and for each line class may be issued to any one angler during any single year ending 30th June.

It is recommended that Capture merit pins be presented at club annual general meetings, trophy presentation evenings or similar occasions.

*The cost of the Capture merit pins shall be borne by the angler.*

**Note to club secretaries:** to order Capture merit pins, contact Mackays Jewellers, PO Box 1113, Toowoomba QLD 4352; Tel/ Fax (07) 4630 8737; Mob 0419 709 229.

### CAPTURE MERIT AWARD 10 TO 1, 15 TO 1, 20 TO 1

A GFAA certificate is available for any recognised gamefish species.

To qualify for the certificate the angler must submit the following:

1. An Australian Record Claim Form stating the club the claim is submitted for (eg 20 to 1); and
2. A cheque for \$27.50 (incl. GST) for the issue of the certificate

### 1000LB (454.4KG) CLUB

A GFM award is available for any recognised gamefish species. To qualify for the certificate the angler must submit the following:

1. An Australian Record Claim Form stating the claim is submitted for the 1000lb club
2. A cheque for \$ 110.00 (incl. GST) for the issue of the cap and certificate
3. Assistance Certificate(s) - awarded to boat crew members for assistance. A cheque for \$27.50 (incl. GST) per certificate -
4. Complete application form on page 37.
5. Boat Plaque will be engraved with the name of the boat, the skipper and fish details as given in the application. A cheque for \$50.00 (incl. GST) for the issue of the boat plaque - complete application form on page 37.

## 10 to 1 Club

Angler	Species	Weight
Andrew Brook	Eagle ray	32kg
Sarah Gantar	Whaler shark	115.6kg
Paul Hicks	Mako shark	285.2kg
Brian Besoff	Striped marlin	81.9kg
Scott McWhirr	Black marlin	85.5kg
Paul Aulsebrook	Black marlin	108.5kg
Steve Morris	Mako shark	114kg
James Goodluck	Mako shark	245kg
Matthew Sharpe	Blue marlin	242.5kg
James Holt	Black marlin	87.5kg
Paul Bacon	Mako shark	190.8kg
Bradley Smith	Eagle ray	41kg
Ossie de Bonis	Striped marlin	108kg
Steven Evangelou	Eagle ray	66kg
Pascale Paton	Blue marlin	202kg
Kale Watts	Black marlin	129.6kg
Gary Clarke	Mako	40.04kg
Adam Todd	Gummy shark	11kg
Katie Lee	Striped marlin	86.8kg
Len Vollebregt	Blue marlin	283.88kg
Mitchell Hill	Mako	106kg
Spencer Hoye	Mako	105.6kg
Reece Cokun	Thresher shark	151.4kg
James Holt	Black marlin	44kg
Kyle Longmore	Broad bill	263.5kg
Chloe Hornhardt	Tiger shark	75.1kg
George Vekiarellis	Thresher shark	186kg
Kaitlyn Schofield	Striped marlin	102kg
Kaitlyn Schofield	Broadbill swordfish	172kg
Kaitlyn Schofield	Striped marlin	174.8kg
Chloe Laurence	Striped marlin	125kg
Ron Kovacs	Blue marlin	337.5kg
Justin Rigby	Mako shark	104.6kg
Kaitlyn Schofield	Striped marlin	105kg
Darren Buttigieg	Southern bluefin tuna	103kg
Tara Rowe	Tiger Shark	272.0kg
Dillon Paul	Mako	376.0kg
Ron Kemna	Mako	300.0kg
Mathew Sandy	Striped Marlin	95.7kg
Max Baillie	Mako	155.7kg
Tara Rowe	Blue Marlin	267.0kg
Tara Rowe	Mako	327.2kg
Oska Davis	Mako	55.0kg
Tameeka Dodd	Cobia	20.07kg

## 15 to 1 Club

For historical purposes, GFAA wishes to recognise those anglers whose achievements have previously been recognised by Sydney Game Fishing Club. As of 1st January, 2001, this is now the Australian 15 to 1 club.

Angler	Species	Weight
Frank L Ritchie	Grey nurse shark	287lb
John R Farrell	Grey nurse shark	311.5lb
Philip W Bensted	Grey nurse shark	353.5lb
Keith A Charman	Grey nurse shark	280lb
H John McIntyre	Striped marlin	338lb
William T Green	Hammerhead shark	308lb
Gregory Howarth	Hammerhead shark	191lb
Roy E Allen	Tiger shark	782lb
Edward Seay	Black marlin	1124lb
James D McElwaine	Yellowfin tuna	145lb

# 1000lb Club

As of 1st January, 2001, the 1000lb Club is open to overseas anglers at the cost of \$US100. Applications should be made in the same manner as Australian applicants. Also available are boat plaques and certificates for crew members who assist in the capture of a 1000lb Club fish. The certificates cost \$27.50 (incl. GST) each and the boat plaques are \$50 (incl. GST) each.

Note: For the 1000lb Club ONLY, fish may be weighed at sea. Of course, if the fish is a record claim, this does not apply.

## 1000lb Club boat plaque application and assistance certificate

I am submitting this application for: (tick those that apply)

**Assistance certificate(s)**  
\$27.50 (incl. GST) per certificate

**Boat plaque**  
\$50.00 (incl. GST)

The plaque will be engraved with the name of the boat, the skipper and the fish details as given in this application.

*Note: Angler must complete a GFAA record application form to join 1000lb Club. This form should accompany the record application form.*

**Please print all names as they are to appear on the certificate.**

Attach completed form to record application form and return it to the club secretary, who will forward it to the State Recorder.

## Rules and Equipment Regulations

The following Angling Rules and Regulations have been formulated to promote ethical and sportsmanlike angling practices, to establish uniform regulations for the compilation of Australian Gamefish Records and to provide basic angling guidelines for use in fishing tournaments and any other group angling activity.

The word 'angling' is defined as catching or attempting to catch fish with a rod, reel, line and hook as outlined in the GFAA Angling Rules and Equipment Regulations. However, there are some aspects of angling that cannot be controlled through rule-making. Angling rules cannot ensure an outstanding performance from each fish and Australian records cannot indicate the amount of difficulty in catching the fish.

Captures in which the fish has not fought or has not had a chance to fight do not reflect credit on the angler, and only the angler can properly evaluate the degree of achievement in establishing the record.

Only fish caught in accordance with GFAA Australian Angling Rules and within the intent of these rules will be considered for Australian records.

### EQUIPMENT REGULATIONS

#### (a) Line

1. Monofilament, multifilament and lead core multifilament lines may be used. For line classes, see Australian Record Requirements.
2. Wire lines are prohibited.

#### (b) Line and backing

1. The use of backing is permissible.
2. The catch shall be classified under the breaking strength of the first five metres of the line directly preceding the double, leader and hook. This section must be comprised of a single homogenous piece of line. (For record claims, 16m of the single line must still be supplied.)

#### (c) Double line

The use of a double line is not required. If one is used, it must meet the following specifications:

1. A double line must consist of the actual line used to catch the fish.
2. Double lines are measured from the start of the knot, braid, roll or splice making the double to the furthest end of the knot, splice, snap, swivel or other device used for securing the trace, leader, lure or hook to the double line.

**Saltwater species:** In all line classes up to and including 10kg (20lb) the double line shall be limited to 4.57m (15ft). The combined length of the double line and leader shall not exceed 6.1m (20ft). The double line on all classes of tackle over 10kg (20lb) shall be limited to 9.14m (30ft). The combined length of the double line and leader shall not exceed 12.19m (40ft).

**Freshwater species:** The double line on all classes of tackle shall not exceed 1.82m (6ft). The combined length of the double line and the leader shall not exceed 3.04m (10ft).

#### (d) Leader

The use of a leader is not required. If one is used, it must meet the following specifications:

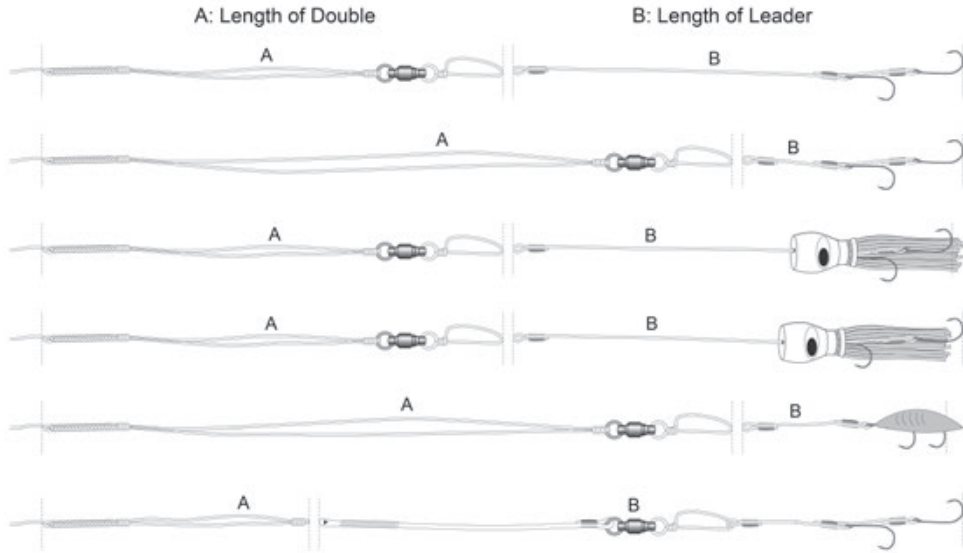

1. The length of the leader is the overall length, including any lure, hook arrangement or other device, and is measured to the bend of the last hook. The leader must be connected to the line with a snap, knot, splice, swivel or other device. Holding devices are prohibited. There are no regulations regarding the material or strength of the leader.

**Saltwater species:** In all line classes up to and including 10kg (20lb) the leader shall be limited to 4.57m (15ft). The combined length of the double line and leader shall not exceed 6.1m (20ft). The leader on all classes of tackle over 10kg (20lb) shall be limited to 9.14m (30ft). The combined length of the double line and leader shall be limited to 12.19m (40ft).

**Freshwater species:** The leader on all classes of tackle shall be limited to 1.82m (6ft). The combined length of the double line and leader shall not exceed 3.04m (10ft).

#### (e) Rod

1. Rods must comply with sporting ethics and customs. Considerable latitude is allowed in the choice of rod, but rods giving the angler an unfair advantage will be disqualified. This rule is intended to eliminate the use of unconventional rods.

- The rod tip must be a minimum of 101.6cm (40in) in length. The rod butt cannot exceed 68.58cm (27in) in length. These measurements must be made from a point directly beneath the centre of the reel. A curved butt is measured in a straight line. (Above measurements do not apply to surf-casting rods.)

**(f) Reel**

- Reels must comply with sporting ethics and customs.
- Power-driven reels of any kind are prohibited. This includes motor, hydraulic or electrically driven reels and any device that gives the angler an unfair advantage.
- Ratchet handle reels are prohibited.
- Reels designed to be cranked with both hands at the same time are prohibited.

**(g) Hooks for fishing with natural bait**

- For live or deadbait fishing no more than two single hooks may be used. Both must be firmly imbedded in or securely attached to the bait. The eyes of the hooks must be no less than a hook's length (the length of the largest hook used) apart and no more than 45.72cm (18in) apart. The only exception is that the point of one hook may be passed through the eye of the other hook.
- The use of a dangling or swing hook is prohibited. Double and treble hooks are prohibited.
- A two-hook rig for bottom fishing is acceptable if it consists of two single hooks on separate leaders or drops. Both hooks must be imbedded in the respective baits and separated sufficiently so that a fish caught on one hook cannot be foul-hooked by the other.
- All record applications made for two-hook tackle must be accompanied by a photograph or sketch of the hook arrangement.
- A lure may be used in conjunction with a natural bait, provided the hook satisfies the requirements of hooks for fishing with natural baits (g) & the lure touches the bait during normal fishing/trolling practices. The hook must NOT precede the bait or bait/lure combo by more than the length of the hook.

**(h) Hooks and lures**

When using an artificial lure with a skirt or trailing material, no:

- more than two single hooks may be attached to the line, leader or trace. The hooks need not be attached separately. The eyes of the hook must be no less than an overall hook's length (overall length of the largest hook used) apart and no more than

**Hooks for fishing with natural bait**

**LEGAL:** if eyes of hooks are no more than 45.72cm (18 inches) apart.

**NOT LEGAL**

**NOT LEGAL:** if eyes of hooks are more than 45.72cm (18 inches) apart.

**LEGAL:** if eyes of hooks are less than 45.72cm (18 inches) apart.

**NOT LEGAL:** if eyes are less than hook's length apart.

**LEGAL:** if eyes are no less than hook's length apart and no more than 45.72cm (18 inches) apart.

**LEGAL:** point of one hook may be passed through eye of other hook.

**Note:** hooks connected in this way are ganged hooks and not to be confused with gang hooks in Rule H2.

30.48cm (12in) apart. The only exception is that the point of one hook may be passed through the eye of the other hook. The trailing hook may not extend more than a hook's length beyond the skirt of the lure. A photograph or sketch showing the hook arrangement must accompany the record application.

**Clarification: If a hook is cut, then the length of the hook will be deemed to be to the cut – anything beyond the cut will be deemed as leader.** See Illustration 01.

2. Gang (double or treble) hooks are permitted when attached to plugs and other artificial lures that are specifically designed for this use. Gang hooks must be free-swinging and shall be limited to a maximum of three hooks (either single, double or treble, or a combination of any three). Bait may not be used with gang hooks.
3. Assist hooks or other such single hooks that are attached to

a lure with a lead constructed of monofilament, multifilament, wire or other such material must conform to the following: When using assist hooks on any artificial lure, **other than a skirted lure**, the lead cannot be more than 1 1/2 hook's length and the bend of the hook must not be more than 4 inches (101mm), whichever is less from the closest point of attachment on the lure.

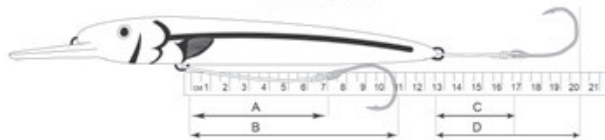

**Double and treble hooks may not be used as assist hooks.** See Illustration 02.

A photograph or sketch of the plug or lure must be submitted with record applications.

A gang hook in the intent of this rule is a hook with two or more prongs (ie: multi-pointed hook, not to be confused with ganged hooks as per diagram in Rule G1).

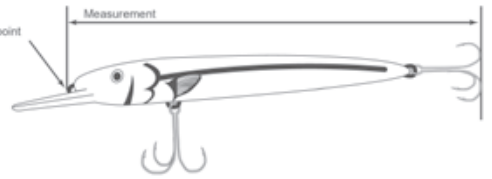

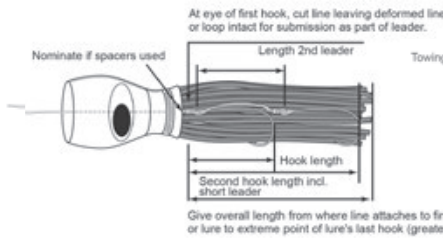

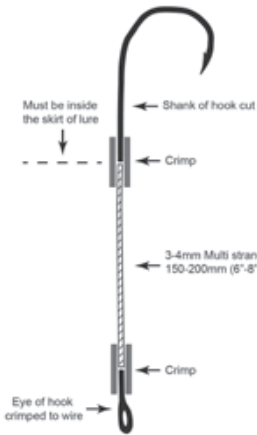

**Hooks and lures**

Illustration 02

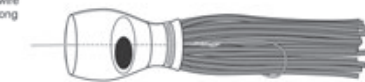

- A. Not legal, the connection length is longer than 1.5 times the length of the hook
- B. Not legal, the overall length exceeds 101mm.
- C. Legal, the connection is less than 1.5 times the length of the hook.
- D. Legal, the overall length is less than 101mm from the lure.

Illustration 01

When submitting a drawing or photograph of a lure, the above information is required.

LEGAL: if the hook is wholly contained within the skirt of the lure.

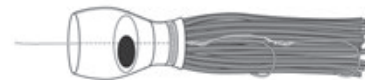

LEGAL: if the hook is partially contained within the skirt of the lure.

NOT LEGAL: if the hook is not partially or wholly contained within the skirt of the lure.

NOT LEGAL: the trailing hook must be at least partially within the skirt of the lure.

LEGAL: if the leading hook and the trailing hook are entirely within the skirt of the lure.

LEGAL: if all of the leading hook and some of the trailing hook is within the skirt of the lure.

LEGAL: if eyes are no less than hook's length apart and no more than 30.48cm (12 inches) apart.

LEGAL: point of one hook may be passed through eye of other hook.

NOT LEGAL: if eyes are less than hook's length apart.

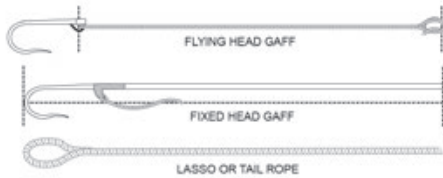

NOT LEGAL: if eyes of hooks are more than 30.48cm (12 inches) apart.  
LEGAL: if eyes of hooks are less than 30.48cm (12 inches) apart.

**Gang hooks**

## Gaffs and tail ropes

### (i) Other equipment

1. Fighting chairs may not have any mechanical propelled devices that aid the angler in fighting a fish.
2. Gimbals must be free-swinging, which includes gimbals that swing in a vertical plane only. Any gimbal that allows the angler to reduce strain or to rest while fighting the fish is prohibited.
3. Gaffs and nets used to boat or land a fish must not exceed 2.44m (8ft) in overall length. (When fishing from a bridge, pier, or other high platform or structure, this length limitation does not apply.) In using a flying or detachable gaff, the rope may not exceed 9.14m (30ft). The gaff rope must be measured from the point where the rope is secured to the detachable head to the other end. Only the effective length will be considered. If a fixed head gaff is used, the same limitation shall apply and the gaff rope shall be measured from the same location on the gaff hook. Only a single hook is permitted on any gaff. Harpoon or lance attachments are prohibited. Tail ropes are limited to 9.14m (30ft).
4. Floats are prohibited with the exception of any small flotation device attached to the line or leader for the sole purpose of regulating the depth of the bait. The flotation device must not in any way hamper the fighting ability of the fish.
5. Entangling devices (either with or without a hook) are prohibited and may not be used for any purpose, including baiting, hooking, fighting, or landing the fish.
6. Outriggers, downriggers and kites are permitted provided that the actual fishing line is attached to the snap or other release device, either directly or with some other material. The leader or double line may not be connected to the release mechanism, either directly or with the use of connecting device.
7. Any devices used in conjunction with a lure that could impede the fighting ability of the fish **MUST** be on a breakaway system.
8. A safety line may be attached to the rod, reel or harness provided that it does not in any way assist the angler in fighting the fish.

### ANGLING RULES

1. From the time a fish strikes or takes a bait or lure, the angler must hook, fight and land or boat the fish without the aid of any other person, except as provided for in these regulations. (CLARIFICATION TO ANGLING RULE 1: *If the mate is letting out a bait or lure and the reel is in free-spool, the rod can be put back in the covering board. This situation is legal. Under NO circumstances can any drag be put on the reel or the rod handed to another person. The rationale is that the hook has not been set with the reel out of gear. However, when retrieving a bait or lure, the fish would be disqualified immediately if the rod is put back into the covering board or transferred to another person as the reel is in gear and the hook has been set.*)
2. If a rodholder is used and a fish takes the bait or lure, the angler must remove the rod from the holder as quickly as possible.
3. In the event of a multiple strike on separate lines being fished by a single angler, only the first fish fought will be considered for an Australian record

4. If a double line is used, the intent of the regulations is that the fish is to be fought on the single line for most of the time that it takes to land the fish.
5. The harness may be replaced or adjusted by a person other than the angler.
6. Use of a rod belt or waist gimbal is permitted.
7. When angling from a boat, once the leader is brought within the grasp of the mate, or the end of the leader is wound to the rod tip, more than one person is permitted to hold the leader.
8. One or more gaffers may be used in addition to persons holding the leader. The gaff handle must be in hand when the fish is gaffed.
9. The Angling Rules and Equipment Regulations shall apply until a fish is weighed.

### THE FOLLOWING ACTS WILL DISQUALIFY A CATCH:

1. Failure to comply with equipment or angling regulations.
2. The act of a person other than the angler intentionally touching any part of the rod, reel or line (including the double line), either bodily or with any device during the playing of the fish, or in giving any aid other than that allowed in the rules and regulations. If any obstacle to the passage of the line through the rod guides has to be removed from the line, then the obstacle (whether berley, floatline, rubber band or other material) shall be held and cut free. Under no circumstances should the line be held or touched by anyone other than the angler during this process.
3. Resting the rod in a rodholder, on the gunwale of the boat or any other object while playing the fish.
4. Handlining or using a handline or rope attached in any manner to the angler's line or leader for the purpose of holding or lifting the fish.
5. Shooting, harpooning or lancing any fish (including sharks) at any stage of the catch.
6. Berleying with or using as bait the flesh, blood, skin or any other part of mammals other than hair or pork rind used in lures designed for trolling or casting.
7. Using a boat or device to beach or drive a fish into shallow water in order to deprive the fish of its normal ability to swim.
8. Changing the rod or reel while the fish is being played.
9. Splicing, removing or adding to the line while the fish is being played.
10. Intentionally foul-hooking a fish.
11. Catching a fish in a manner that the double line never leaves the rod tip.
12. Using a size or kind of bait that is illegal to possess.
13. Attaching the angler's line or leader to part of the boat or other object for the purpose of holding or lifting the fish.
14. If a fish escapes before gaffing or netting and is recaptured by any method other than as outlined in the angling rules.
15. The act of any person touching any part of the leader when striking or hooking a fish.
16. Holding or touching an angler in a manner that assists them in fighting the fish or takes pressure off the angler. Touching or briefly holding the angler to prevent them from falling does not constitute a disqualification.

### THE FOLLOWING SITUATIONS WILL DISQUALIFY A CATCH:

1. When a rod breaks (while the fish is being played) in a manner that reduces the length of the tip below minimum dimensions or severely impairs its angling characteristics.
2. Mutilation to the fish, prior to landing or boating the catch,

caused by sharks, other fish, mammals or propellers that remove or penetrate the flesh. (Injuries caused by leader or line, scratches, old healed scars or regeneration deformities are not considered to be disqualifying injuries.) Any mutilation of the fish must be shown in a photograph and fully explained in a separate report accompanying the record application.

- When a fish is hooked or entangled on more than one line

### GUIDELINES FOR TAG & RELEASE

- All GFAA Angling Rules and Equipment Regulations apply until the fish is tagged.
- Tagpoles must not exceed 4.57m (15ft) overall length.
- The tagpole or holding device must be in the hand when the fish is tagged.
- One or more persons, in addition to the person holding the leader, may tag or assist in tagging the fish.
- The tag needle must not protrude more than 50mm from the end of the tagpole or tag holding device, nor shall it exceed 5mm in diameter.
- Billfish only tag: The tag needle must protrude a min of 45mm and no more than 76mm from the end of the tag pole or holding device, nor shall it exceed 6mm in diameter.
- A fish is considered tagged and released when the tag is secured to the fish and released alive.

### RULES FOR TAG & RELEASE AND MEASURE & RELEASE

- (a) No tournament shall be approved by a State Association that awards points for free release for GFAA tag species. No Tag & Release points shall be awarded in State Association-approved tournaments unless GFAA-approved tags are used  
(b) Measure & Release is allowed for species that have been determined by the GFAA from time to time – see section titled GFAA eligible gamefish for Measure & Release and section Guidelines for Measure & Release.  
Note: (i) All GFAA Angling & Equipment regulations shall apply.  
(ii) All applicable Tag & Release rules shall apply – ie items 1, 2 & 3 of the acts that disqualify a Tag & Release.  
(iii) No fish can be released after measurement unless it is in a healthy and vigorous state.  
(iv) The GFAA Measure & Release card is to be used to record species release information.
- The use of the 'billfish only' tag is MANDATORY to be eligible to win any GFAA billfish Trophies and Awards.

### THE FOLLOWING ACTS WILL DISQUALIFY A TAG & RELEASE:

- Failure to comply with GFAA angling rules and equipment regulations or tournament tag and release rules.
- Failure to comply with all other regulations that disqualify a capture.
- Use of a gaff (other than a jaw release device for the purpose of tagging, e.g. Boga-grips).

### GFAA ELIGIBLE GAMEFISH FOR MEASURE & RELEASE

Albacore; Amberjack; Barramundi; Bass – Australian; Black jewfish; Bonefish; Bonito; Catfish – freshwater; Chinaman; Cobia; Kingfish – yellowtail (under 70cm); Mackerel – broad barred, narrow barred, shark and spotted; Mahi mahi; Mangrove jack; Mulloway (under 60cm); Perch – English, estuary, golden and silver; Queenfish (under 60cm); Rainbow runner; Salmon – Australian (under 40cm), Atlantic; threadfin; Samson fish; Saratoga; Snapper (under 40cm); Spangled emperor; Tailor; Tench; Trevally – big eye, giant, gold spot, golden and silver (under 60cm); Trout – rainbow, brook and brown; Tuna – bigeye, bluefin, kawa kawa, longtail, skipjack, southern bluefin and yellowfin (all under 60cm).

**Note: Any species that is larger than the sizes noted above will not count in any Measure & Release competition as they are eligible to be tagged or captured.**

### GUIDELINES FOR MEASURE & RELEASE

- Only gamefish species as listed for Measure & Release are to be considered by this guideline.
- All GFAA Angling Rules & Equipment Regulation & Codes of Practice to apply until fish is caught, measured and released in a healthy and vigorous state.
- The use of knotless, rubber-coated nets or similarly designed nets that minimise slime and scale removal are to be used – the use of gaffs (other than release/jaw gaff) is prohibited.
- The fish is to be measured using an approved or recognised measuring mat. Measurements between centimetre increments shall be measured at the lower of the two increments; ie
- 46cm will be recorded as 45cm.
- Once measured, the fish is to be returned to the water as quickly as possible, and supported until it is able to swim away in a healthy and vigorous state. If the fish dies during this process, it is the skipper and angler's responsibility to disqualify the catch.
- All measurements and data must be recorded on an approved GFAA Measure & Release card that is to be returned to the angler's club for processing.
- Fish caught and released under these guidelines may be eligible for club or state points. (Check with your club or state for this.)

## Rules for all tackle length records

### GENERAL INFORMATION

All fish entered for length records must be measured by anglers at the site of the capture and released so that it swims away on their own and in good condition. Fish should be revived by moving it forward in the water to ensure a healthy release.

Fish caught and entered for length records are NOT eligible for weighing and submission for other record categories.

### RULES AND EQUIPMENT REGULATION

All GFAA rules and equipment regulations stipulated for fishing with conventional and fly tackle in fresh and saltwater shall apply with the exceptions below. All angling and equipment regulations shall apply until the fish is measured and released alive in a healthy and vigorous state.

**(a) Gaffs and nets**

1. The use of gaffs to land fish is prohibited.
2. Nets used to boat or land a fish must not exceed 2.44 metres (8 feet) in overall length (when fishing from a bridge, pier or other high, stationary structure, this length limitation does not apply).
3. The use of knotless, rubber-coated nets or other similarly-designed nets that minimise slime and scale removal is strongly recommended.

**(b) Measuring device**

1. All fish must be measured using an official GFAA/IGFA measuring device. (IGFA, NSW DPI or Shimano mats).
2. The measuring device mat may be shortened by cutting it, but it may not be rejoined after it has been shortened

**ANGLING REGULATIONS**

The following acts will disqualify a catch:

1. Failure to comply with GFAA equipment or angling rules.
2. If the fish dies during the documentation process or does not swim away on its own accord after release.

**LENGTH RECORD REQUIREMENTS**

All fish entered for length records are subject to the same requirements stipulated for other record categories with the following additions and exceptions.

**(a) Measuring requirements**

1. Fish must be measured using an official GFAA/IGFA measuring device on a flat surface.
2. The fish's snout must be touching the nose-stop and be free of lures or lifting devices.
3. With the fish lying on top of the measuring device, measurements will be taken from the most forward part of the fish's snout to the rear centre edge of the tail.
4. All measurements will be made in centimetres.
5. Fish that measure between centimetre increments shall be recorded at the lower of the two increments. For example, a fish that measures between 45 and 46 centimetres will have a recorded length of 45 centimetres.

**(b) Minimum length requirements for vacant records**

Fish entered for vacant record categories must measure within the top-half of that species' maximum recorded length, as shown in the eligible species list.

**(c) Minimum length requirements needed to defeat or tie existing records**

1. To defeat an existing record, the fish must measure at least two (2) centimetres longer than the existing record.
2. A catch that matches the length of an existing record or exceeds

the length by less than two (2) centimetres will be considered a tie. In the case of a tie claim involving more than two catches, length must be compared with the original record (first fish to be caught). Nothing measuring less than the original record (first fish to be caught) will be considered.

**(d) Photographic requirements**

Photographs included with applications must contain the following information:

1. The full length of the fish on the measuring device clearly showing the position of the mouth and tail. The fish may be held in position, but this must be done in a manner that does not obscure the view of the fish on the device.
2. A close-up showing the position of the fish's nose and tail on the measuring device.
3. The angler with the fish.
4. The rod and reel used to make the catch.

**GENERAL BEST-HANDLING PRACTICES**

To remove your fish from the water to document it for record purposes, anglers should use either hands or a knotless, rubberised landing net to minimise slime and scale loss. Lip-gripping devices may be used to help subdue fish; however, fish should not be hoisted vertically out of the water as this can cause damage to the jaw muscle and bone as well as to internal organs. The best method for removing fish from the water by hand is to support the fish's underside. Again, the point is always to hold fish horizontally and not vertically. Ensure that the measuring device and surface the fish is placed on is kept wet.

**GENERAL BEST-HANDLING PRACTICES**

GFAA records require pictures and measurements of the catch. All of this takes time, so you should have the necessary equipment ready before landing the fish.

If the documentation process takes longer than several minutes, periodically place the fish back in the water or place in a livewell to allow it to breathe.

**RELEASING**

Considerable time and care should be exercised when releasing fish. Fish should be placed in the water and held by the base of the tail. If the fish does not swim away from your grasp on its own, gently move it forward in the water to get water flowing over the gills. For best results, move the fish in the forward direction only instead of back and forth. A fish's gills somewhat resemble the pages of a book and are designed for water flow in only one direction. Moving the fish in a slow circle or gently towing it behind the boat will accomplish this. Demersal species caught in waters deeper than 10 metres must be released by the use of a release weight.

# Rules for flyfishing

**EQUIPMENT REGULATIONS****(a) Line**

Any type of fly line and backing may be used. The breaking strength of the fly line and backing are not restricted.

**(b) Leader**

Leaders must conform to generally accepted fishing customs.

The leader includes a class tippet and, optionally, a shock tippet. A butt or taper section between the fly line and the class tippet shall also

be considered part of the leader, and there are no limits on its length, material, or strength.

The class tippet must be made of non-metallic material and either attached directly to the fly or to the shock tippet, if one is used. The class tippet must be at least 38.10cm (15in) long (measured inside connecting knots). With respect to knotless, tapered leaders, the terminal 38.10cm (15in) will also determine tippet class. There are no maximum length limitations. The breaking strength determines the class of the tippet.

A shock tippet, not to exceed 30.48cm (12in) in length, may be added to the class tippet and tied to the lure. It can be made of any type of material, and there is no limit on its breaking strength. The shock tippet is measured from the eye of the hook to the single strand of class tippet and includes any knots used to connect the shock tippet to the class tippet.

In the case of the tandem hook fly, the shock tippet shall be measured from the eye of the leading hook.

#### (c) Rod

Regardless of material or number of sections, rods must conform to generally accepted flyfishing customs and practices.

A rod shall not measure less than 1.82m (6ft) in overall length. Any rod that gives the angler an unsporting advantage will be disqualified. Extension butts are limited to 15.24cm (6in).

#### (d) Reel

The reel must be designed expressly for flyfishing. There are no restrictions on gear ratio or type of drag employed, except where the angler would gain an unfair advantage. Electric or electronically operated reels are prohibited.

#### (e) Hooks

A conventional fly may be dressed on a single hook or double hook or two single hooks in tandem. The second hook in any tandem fly must not exceed beyond the wing material. The eyes of the hooks shall be no farther than 15.24cm (6in) apart. Treble hooks are prohibited.

#### (f) Lures

The lure must be a recognised type of artificial fly, which includes streamer, bucktail, tube fly, wet fly, dry fly, nymph, popper and bug. The use of any other type of lure or natural or preserved bait, either singularly or attached to the fly, is expressly prohibited.

The fact that a lure can be cast with a fly rod is not evidence in itself that it fits the definition of a fly. The use of any lure designed to entangle or foul-hook a fish is prohibited.

No scent, either natural or artificial, is allowed on flies. The use of scented material in a fly is prohibited.

#### (g) Gaffs and nets

Gaffs and nets used to boat or land a fish must not exceed 2.44m (8ft) in overall length. (When fishing from a bridge, pier or other high stationary structure, this length limitation does not apply.)

The use of a flying gaff is not permitted. Only a single hook is permitted on any gaff. Harpoon or lance attachments are prohibited.

A rope or any extension cannot be attached to the gaff.

#### (h) 15kg category rules

1. 15kg tippet is for billfish and sharks only.
2. Shock tippet length is not to exceed 100cm (1m).
3. A minimum 500cm (5m) of fly line must be used.
4. Flying gaffs are permitted for this line class only.
5. All other GFAA rules and regulations for flyfishing apply.

### ANGLING RULES

1. The angler must cast, hook, fight and bring the fish to gaff or net

unaided by any other person. No other person may touch any part of the tackle during the playing of the fish or give aid other than taking the leader for gaffing or netting purposes.

2. Casting and retrieving must be carried out in accordance with normal customs and generally accepted practices. The major criterion in casting is that the weight of the line must carry the lure, rather than the weight of the lure carrying the line. Trolling a lure behind a moving watercraft is not permitted. The craft must be completely out of gear both at the time the fly is presented to the fish and during the retrieve. The maximum amount of line that can be stripped off the reel is 36.57m (120ft) from the lure.
3. Once a fish is hooked, the tackle may not be altered in any way, with the exception of adding an extension butt.
4. Fish must be hooked on the lure in use. If a small fish takes the lure and a larger fish swallows the smaller fish, the catch will be disallowed.
5. One or more people may assist in gaffing or netting the fish.
6. The Angling and Equipment Regulations shall apply until the fish is weighed.

### THE FOLLOWING ACTS WILL DISQUALIFY A CATCH:

1. Failure to comply with Equipment or Angling Regulations.
2. The act of persons other than the angler touching any part of the rod, reel or line, either bodily or with any device, during the playing of the fish, or in giving any aid other than that allowed in the rules and regulations. If an obstacle to the passage of the line through the rod guides has to be removed from the line, then the obstacle shall be held and cut free. Under no circumstances should the line be held or touched by anyone other than the angler during this process.
3. Resting the rod on any part of the boat, or on any other object, while playing the fish.
4. Handlining or using handline or rope attached in any manner to the angler's line or leader for the purposes of holding or lifting the fish.
5. Intentionally foul-hooking or snagging a fish.
6. Shooting, harpooning or lancing any fish (including sharks) at any stage of the catch.
7. Berleying with flesh, blood, skin or any part of mammals.
8. Using a boat or device to beach or drive a fish into shallow water in order to deprive the fish of its normal ability to swim.
9. Attaching the angler's line or leader to part of a boat or other object for the purpose of holding or lifting the fish.
10. If a fish escapes before gaffing or netting and is recaptured by any method other than as outlined in the angling rules.

### THE FOLLOWING SITUATIONS WILL DISQUALIFY A CATCH:

1. When a rod breaks (while the fish is being played) in a manner that reduces its length below minimum dimensions or severely impairs its angling characteristics.
2. When a fish is hooked or entangled on more than one line.
3. Mutilation to the fish, prior to landing or boating the catch, caused by sharks, other fish, mammals or propellers that remove or penetrate the flesh. (Injuries caused by leader or line, scratches, old healed scars or regeneration deformities are not considered to be disqualifying injuries.) Any mutilation of the fish must be shown in a photograph and fully explained in a separate report accompanying the record application.

# Australian record requirements

Gamefish captures can only be considered for Game Fishing Association of Australia (GFAA) record status if they are caught according to GFAA Rules. Following is the information and procedures for filing claims. A fee of \$20.00 (incl. GST) is required for filing an Australian record application. **All materials submitted become the property of GFAA.**

## Australian record categories

### GENERAL INFORMATION

1. GFAA maintains Australian records for both freshwater and saltwater gamefishes in Line Class, Tippet Class and All Tackle categories.
2. To qualify for official recording and granting of GFAA records, gamefish, rays and sharks must be caught by a financial or life member of a club affiliated with a state branch of GFAA. In order to qualify for a vacant GFAA record a fish must be at least equal in weight to the line or tippet class in which the record is claimed. For a fish to replace an existing record it must outweigh the current record by an amount as shown in the section 'Weight Required to Defeat or Tie an Existing Record' under Regulations Governing Record Catches.
3. No application will be accepted for fish caught in hatchery waters, sanctuaries or banned fishing areas in national parks. The catch must not be at variance with any laws or regulations governing the species or the waters in which it was caught.
4. GFAA will not accept any record application generated from within a non-sanctioned tournament other than an internal club competition.
5. When an additional species of gamefish is made eligible for GFAA records, the effective date will be announced. Fishes caught on or after this date will be eligible for records. An announcement of additional species will be made in the Australian Game Fishing Records and Rules or by notification to State Association Secretaries.
6. **Men:** male persons who have attained the age of 16 years and over.  
**Women:** female persons who have attained the age of 16 years and over.  
**Juniors:** male and female persons who have attained the age of 11 years but not yet attained the age of 16 years.  
**Small Fry:** male and female persons who have not yet attained the age of 11 years.

### CATEGORIES

Records may be claimed in the following categories and subcategories.

1. All records in Saltwater, Freshwater, Saltwater Fly and Land-based Saltwater may only be claimed within their age and gender categories – with the exception of All-Tackle records.
2. For each species and line class, a new category for Overall record will be created effective 7 October 2017. The Overall record must exceed all existing records for that species and line class to be eligible.

### LINE CLASS CATEGORIES

Line Class records are maintained according to wet testing strength of line used by the angler. (See 'Appendix A' for testing standards.) Records are kept in the following line class categories: 1kg, 2kg, 3kg, 4kg, 6kg, 8kg, 10kg, 15kg, 24kg, 37kg and 60kg.

### ALL TACKLE RECORDS

All Tackle records are for the heaviest capture of each GFAA-recognised gamefish species caught under GFAA Record Requirements, Rules and Regulations and Line Categories.

### FLY ROD CATEGORIES

Australian fly rod records are maintained according to tippet strength of line used by the angler. The tippet is wet tested using the same procedure as for other lines.

Records are kept for the same recognised saltwater and freshwater species in the following tippet classes: 1kg, 2kg, 3kg, 4kg, 6kg, 8kg, 10kg and 15kg.

*Note: For 15kg tippet please refer to Rules for Flyfishing – Equipment Regulations – subsection H for Tackle Regulations.*

Ribbon Reefs - Image Jason Legg.

## Regulations governing record catches

### GENERAL INFORMATION

1. Protest applications on disputed existing records will be referred to the GFAA Executive for review. Its decision will be final. All GFAA decisions will be based upon the intent of the regulations.
2. In some instances an official (as defined in 'Weighing of Fish' – see overleaf) or a member of the GFAA Executive may request that the information supplied on a claim be rechecked. Such action is not to be regarded as doubt of the formal application, but rather as evidence of the extreme care with which GFAA investigates and maintains records.
3. GFAA reserves the right to reject an application for either a record or award and its decision shall be final.
4. Rejected applicants in relation to subsections 1 and 4 above will not be informed by the GFAA executive of the reason(s) for the rejection of their application.
5. The GFAA executive reserves the right to alter the regulations governing record catch and/or award applications as is required from time to time and in accordance with the requirements of the GFAA constitution.

### SPECIES IDENTIFICATION

1. If there is the slightest doubt that the fish cannot be properly identified from the photographs and other data submitted, the fish should be examined by a qualified scientist or retained in a preserved or frozen condition until a qualified authority can verify the species, or until notified by GFAA that the fish need no longer be retained.
2. In the case of a disputed identification, photographs of the catch will be submitted to two qualified authorities for their decision. When a question of identification arises, the angler will be notified and given ample opportunity to submit further evidence of identification.

### WITNESS TO CATCH

1. On all record claims, witnesses to the catch are highly desirable, if at all possible. Unwitnessed catches may be disallowed if questions arise regarding their authenticity.
2. It is important that the witnesses can attest to the angler's compliance with the GFAA Angling Rules and Regulations.

### WEIGHT REQUIRED TO DEFEAT OR TIE AN EXISTING RECORD

1. To replace a record for a fish weighing less than 11kg, the replacement must weigh at least 50g more than the existing record.
2. To replace a record for a fish weighing 11kg or more, the replacement must weigh at least one half of one per cent more than the existing record. Examples: At 10kg the additional weight required would be 50g. At 50kg the additional weight required would be 250g.
3. Any catch that matches the weight of an existing record or exceeds the weight by less than the amount required to defeat the record will be considered a tie. In the case of a tie claim involving more than two catches, weight must be compared with the original record (first fish to be caught). Nothing weighing less than the original record will be considered.
4. Estimated weights will not be accepted (refer to 'Weighing of Fish' – see below). Fractions of grams will not be considered.

### MINIMUM WEIGHTS

For gamefish to be eligible for a vacant GFAA record they must be at least equal in weight to the line or tippet class in which the record is claimed. For sharks or rays to be eligible for a vacant GFAA record they must be at least twice the weight of the line or tippet class in which the record is claimed.

### SPECIES IDENTIFICATION

Recognition of the capture of an Australian record may not be granted by GFAA until after two months from the date of the capture of the fish. Any claim received by GFAA more than two months after the date of the capture will be considered only if the delay is caused by extenuating circumstances. If an incomplete record claim is submitted, it must be accompanied by an explanation of why certain portions are incomplete.

An incomplete claim will be considered for a record if the following conditions are met:

1. The incomplete claim with explanations of why portions are incomplete must be received by GFAA within the time limits specified above.
2. Missing data must be due to circumstances beyond the control of the angler making the record claim.
3. All missing data must be supplied within a period of time considered to be reasonable in view of the particular circumstances. Final decisions on incomplete claims will be made by the Executive of GFAA.
4. A late payment fee of \$110.00, where applicable, will be charged to whoever has caused the delay: Angler, Club or State.

### WEIGHING OF FISH

3. All captures shall be weighed by either a Club Weighmaster, a Club Recorder, a Club Committee Member in the location at which the fish was caught or by a GFAA or IGFA Official, or by a recognised local person familiar with the scale.
4. Disinterested witnesses to the weight should be used whenever possible. The weight of the sling, platform or rope (if one is used to secure the fish to the scales) must be determined and deducted from the total weight.
5. No estimated weights will be accepted. Fish weighed at sea or on other bodies of water will not be accepted.
6. All fish that are subject to record applications should be weighed on a scale that has been checked and certified for accuracy by a government department or other qualified organisation. All scales must be regularly checked for accuracy and certified. *Note: the certification of the scale should not be more than one year old. However, if at the time of weighing the fish, the scale has not been properly certified within one year, it should be checked for accuracy as quickly as possible. A report stating the findings of the inspector prior to any adjustments of the scale must be included with the record application.*
7. GFAA reserves the right to have any scale recertified for accuracy if there are any indications that the scale might not have weighed correctly.
8. If there is no official government inspector or accredited commercial representative available in the area where the fish is weighed, the scale must be checked by weighing objects of recognised and proven weights. Objects weighed must be at least equal to the weight of the fish. Substantiation of the correct

weight of these objects must be provided to GFAA along with the names and complete addresses of accredited witnesses to this entire procedure.

9. Only weights indicated by the graduations of the scale will be accepted. Visual fractionalising of these graduations will not be allowed. Any weights that fall between two graduations on the scale must be recorded as the lower of the two.
10. In remote areas where no weighing scales are available, an angler is permitted to use his own scale provided that it is of acceptable quality and has been properly certified. Note: State branches may prescribe minimum weights for the recording of fish within a state.
11. Scales used to weigh fish must be attached to an object or weigh station that is fixed or mounted on a solid base attached or connected to the ground. In the case of a mobile crane or similar apparatus the displayed weight must remain stable for a minimum of 5 seconds.

### PREPARATION OF RECORD CLAIM

At the time of weighing a fish, all tackle and equipment used in the capture, including gaffs, leader/trace, lure and a sample of line, shall be submitted to an official (as defined in 'Weighing of Fish') for examination, measuring, photographing or tracing of hook and lure.

An application for an Australian record must be made on the prescribed form.

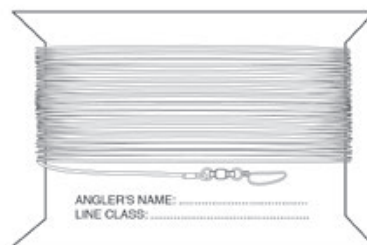

The form must be completed in full and include the following:

1. The name, address and signature of the angler.
2. The date and approximate location of capture.
3. The gross weight of the fish and sling, platform or rope; the separate weight of the sling, platform or rope; and the net weight of the fish.
4. The overall length of the fish, the short length of the fish (measured from the point of the lower jaw to the crotch of the tail) and the maximum girth measurement (at the thickest part of the body, usually behind the pectoral fin). Extreme care should be exercised in measuring the fish as the measurements are often important for other scientific studies. (A measurement diagram is shown on the application form.)
5. The length of double line, length of trace, type of lure, number of hooks used and the type of hook used in the capture.
6. The specified strength of the line used to catch the fish. This will place the claim in a GFAA line class category. The line must test in this category or the application will be disallowed. The heaviest line strength permissible is 60kg.
7. The signature of the boatman or fishing companion as witness that the fish was caught by the angler on the tackle described in the application, strictly in accordance with the GFAA Angling Rules and Equipment Regulations.
8. The signature of the official (as defined in 'Weighing of Fish') attesting to the correctness of all the information contained in the application form.
9. The application must be forwarded to the Recorder of GFAA through the state branch in whose waters the capture was made, and must be accompanied by:
  - (a) A Statutory Declaration stating that the rules and regulations of GFAA were strictly observed in the capture.
  - (b) The entire leader, the double line, and at least 16m of the single line closest to the double line, leader or hook. All line samples and the leader (if one is used) must be submitted in

one piece. If a lure is used with the leader, the leader should be cut at the eye attachment to the lure. (Refer to rule H1 in the GFAA Angling Rules and Regulations.)

*Clarification: The leader must be submitted in one piece with the hook attached, if a lure is to be removed then the leader should be cut on an angle at least 25mm above the eye of the hook so that both pieces of the leader can be re-joined to check the length.*

*Note: each line sample must be in one piece. It must be submitted in a manner that can be easily unwound without damage to the line. A recommended method is to submit the line on a piece of stiff cardboard. Write the angler's name and specified strength of the line used on the cardboard. Do not submit the line in a hank. Any sample submitted that can't be unwound will not be accepted (see diagram).*

- (c) All applications for flyfishing records must be accompanied by the lure, the entire tippet and the entire leader, along with 25mm of the fly line beyond the attachment to the leader. These components must be intact and connected. **GFAA no longer requires that 25mm of fly line be attached to the leader.** If a loop to loop connection is used, the angler need only unloop the leader from the fly line and submit it with the record application. The entire leader, however must still be intact with the fly attached.
- (d) Photographs showing the full length of the fish, the rod and reel used to make the catch, and the scale used to weigh the fish. A photograph of the angler with the fish is also required.

So that there can be no doubt about species identification, the clearest possible photos should be submitted. This is especially important in the cases of marlin, trevally, shark, tuna and other fishes that may be confused with similar species. Shark applications should also include a photograph of the shark's head and the front teeth.

Photographs should be taken of the fish in a hanging position and also lying on a flat surface on its side. In both types of photos no part of the fish should be obscured.

When hanging, the fish should be broadside to the camera with the fins fully extended and with the tip of the jaw and sword or spear clearly shown. Do not hold the tip of the fin. Do not stand in front of the fish. Do not hold the fish in your hands. A sky background for the fish is most desirable. Backgrounds cluttered with objects and people may complicate identification and detract from the photograph.

When photographing a fish lying on its side, the surface beneath the fish should be smooth, with a ruler or marked tape placed beside the fish if possible. Photographs from various angles are most helpful.

An additional photograph of the fish on the scale with actual weight visible helps to expedite the application. Photos taken during daylight are highly recommended.

- (e) Where a two-hook rig was used, a photo or tracing of the actual hook arrangement indicating the measurements.
- (f) Where a plug or artificial lure was used, a photograph of the plug or lure, indicating the measurement. If this is not completely satisfactory, the plug itself may be requested. (Refer to rule H1 in the GFAA Angling Rules and Regulations.)
- (g) Applications for Australian Freshwater and Saltwater Fly Rod records shall be on the same basis as applications for other GFAA records.
- (h) Where a capture is the subject of a claim for both a World and an Australian record both appropriate filing fees are payable.  
GFAA shall issue a certificate for each capture that is approved as an Australian record, or a tie for an Australian record.

## WORLD RECORDS

A claim for both an Australian and World Record must be forwarded to the Recorder of GFAA through the state branch in whose waters the capture was made. The claim must be made on both the GFAA prescribed form and on the IGFA 'Form for Recording Record Game Fish Catches', which may be obtained from the Secretary of a state branch or affiliated clubs, or from GFAA.

Broadbill swordfish - Image India Thompson.

Application forms must be completed in every detail personally by the angler, and must be accompanied by:

- (a) an affidavit attested by a notary public or justice of the peace;
  - (b) line samples as for a GFAA record;
  - (c) photographs as for a GFAA record; and
  - (d) a filing fee as specified on the IGFA application form.
- NOTE: It is required that the filing fee be paid by credit card by filling in the details on the IGFA World Record Claim Form. Claims will not be accepted by IGFA if the date of the catch is more than three months before the date of receipt of the claim by IGFA.

IGFA requires that the claim be witnessed by a representative of IGFA, or a club official, if available.

IGFA Rules and Regulations change from time to time, and anglers are advised to check these before submitting a claim.

Any deliberate falsification of an application will disqualify the applicant from any future IGFA World Records.

On acceptance of a World Record, an Australian record will be granted, provided that it meets the GFAA requirements and was applied for on the prescribed form.

## AFFILIATED CLUBS

All clubs affiliated with the state branches must adopt GFAA rules as part of their constitution.

Where a non-member angler captures a fish that obviously approaches a World Record, affiliated clubs are asked to cooperate to see that the fish is properly weighed, measured, witnessed, photographed and registered according to the requirements of IGFA.

## Appendix A

### TESTING OF LINES FOR AUSTRALIAN RECORDS

1. The line testing will be conducted on a GFAA-approved machine or by an approved testing laboratory in accordance with the Australian Standard AS2001-2.7 Determination of Breaking force and extension of yarns.
2. The Standard AS2001-2.7 will be varied to reduce the number of tests on each sample to not less than three (3) and not more than five (5).
3. The line will be conditioned prior to testing by soaking for two hours in distilled water complying with British Standard BS 3978 (1966).
4. The mean of the tests will be calculated and this figure will be the accepted test figure for the determination of the claim.

### PRECIS OF THE AUSTRALIAN STANDARD AS2001-2.7

1. The machine on which testing will be conducted will be constantly rate-of-extension type, complying with the requirements of Grade B machines specified in Australian Standard 2193.
2. The test specimen will be extended at a constant rate of 20cm (+/- 2cm) per minute.
3. Specimens will be tested using a gauge length of 500mm (+/- 1mm).
4. The fixed and moving jaws will be in the same plane and at right angles to the direction of traverse. Bollard jaws will be used, so constructed that they do not damage the test specimen.

## GFAA eligible gamefish species – Tag & Release

### BY SPECIES

#### Albacore

*Thunnus alalunga*

#### Amberjack

*Seriola dumerilii*

#### Barracuda

*Sphyraena* spp.

#### Bonito

*Sarda* spp.

#### Broadbill swordfish

*Xiphias gladius*

#### Cobia

*Rachycentron canadum*

#### Eagle ray

*Myliobatis australis*

#### Mackerel, broad barred

*Scomberomorus semifasciatus*

#### Mackerel, narrow barred

*Scomberomorus commerson*

#### Mackerel, shark

*Grammatocynus bicarinatus*

#### Mackerel, spotted

*Scomberomorus* spp.

#### Mahi mahi (dolphinfish)

*Coryphaena* spp.

#### Marlin, black

*Makaira indica*

#### Marlin, Pacific blue

*Makaira nigricans*

#### Marlin, striped

*Tetrapturus audax*

#### Rainbow runner

*Elagtis bipinnulatus*

#### Sailfish

*Istiophorus platypterus*

#### Samson fish

*Seriola hippos*

#### Shark, blue

*Prionace glauca*

#### Shark, gummy

*Mustelus antarcticus*

#### Shark, hammerhead

*Sphyrna* spp.

#### Shark, mako

*Isurus* spp.

#### Shark, porbeagle

*Lamna nasus*

#### Shark, school (tope)

*Galeorhinus galeus*

#### Shark, thresher

*Alopias* spp.

#### Shark, tiger

*Galeocerdo cuvier*

#### Shark, whaler

*Carcharinus* spp.

#### Spearfish

*Tetrapturus* spp.

#### Tuna, bigeye

*Thunnus obesus*

#### Tuna, dogtooth

*Gymnosarda unicolor*

#### Tuna, longtail

*Thunnus tonggol*

#### Tuna, mackerel (kawa kawa)

*Euthynnus affinis*

#### Tuna, Pacific bluefin

*Thunnus orientalis*

#### Tuna, skipjack

*Katsuwonus pelamis*

#### Tuna, southern bluefin

*Thunnus maccoyii*

#### Tuna, yellowfin

*Thunnus albacares*

#### Wahoo

*Acanthocybium solandri*

### BY LENGTH

#### Kingfish (yellowtail)

*Seriola lalandi*

(Min. size: 70cm)

#### Queenfish

*Scomberoides* spp.

(Min. size: 60cm)

#### Trevally, big eye

*Caranx sexfasciatus*

(Min. size: 60cm)

#### Trevally, giant

*Caranx ignobilis*

(Min. size: 60cm)

#### Trevally, gold spot

*Carangoides fulvoguttatus*

(Min. size: 60cm)

#### Trevally, golden

*Gnathanodon speciosus*

(Min. size: 60cm)

### BY STATE

#### Victoria, South Australia and Western Australia (south of the Tropic of Capricorn) only

#### Trevally, silver\*

*Pseudocaranx dentex*

(Min size: 35cm)

#### Snapper\*

*Pagrus auratus*

(Min. size: 40cm)

#### Salmon, Australian\*

*Arripis* spp.

(Min. size: 40cm)

#### Mulloway (jewfish)

*Argyrosomus japonicus*

(Min. size: 60cm)

### Notes:

1. All sharks must be a minimum of 100cm in length.
2. Species marked with an asterisk (\*) are to be tagged with the new, small, plastic gamefish tag.

## Eligible species and minimum lengths for All-Tackle Length records

### SALTWATER

#### Albacore

(Min. size: 61cm)

#### Amberjack

(Min. size: 90cm)

#### Bonefish

(Min. size: 50cm)

#### Chinaman#

(Min. size: 50cm)

#### Cobia

(Min. size: 85cm)

#### Kingfish (yellowtail)

(Min. size: 80cm)

#### Mackerel, narrow barred

(Min. size: 100cm)

#### Mulloway (jewfish)#

(Min. size: 60cm)

#### Queenfish

(Min. size: 60cm)

#### Salmon, Australian

(Min. size: 50cm)

#### Salmon, threadfin

(Min. size: 70cm)

#### Samson fish

(Min. size: 90cm)

#### Snapper#

(Min. size: 50cm)

#### Spangled Emperor#

(Min. size: 45cm)

#### Tailor

(Min. size: 45cm)

#### Trevally, bigeye

(Min. size: 45cm)

#### Trevally, giant

(Min. size: 76cm)

#### Trevally, golden

(Min. size: 50cm)

#### Tuna, longtail

(Min. size: 75cm)

#### Tuna, yellowfin

(Min. size: 90cm)

### FRESHWATER

#### Barramundi

(Min. size: 62cm)

#### Bass, Australian

(Min. size: 30cm)

#### Mangrove jack

(Min. size: 35cm)

#### Trout, brown

(Min. size: 50cm)

#### Trout, rainbow

(Min. size: 50cm)

### Notes:

1. All demersal species – indicated with a hash (#) – that have been brought up from waters deeper than 10m must be released with the use of a release weight to minimise barotrauma.

## GFAA recognised gamefish species – Capture

### SALTWATER SPECIES

#### Albacore

*Thunnus alalunga*

#### Amberjack

*Seriola dumerilii*

# GFAA Australian record application

## Form for recording freshwater and saltwater gamefish catches

Read all GFAA Angling Rules and Requirements before completing and signing this application. The angler's signature on the completed form must be witnessed by a notary. This application must be accompanied by line or tippet samples complete with double, leader and hooks; clear photographs as specified in the GFAA Record Requirements; current certification of the scale on which the fish was weighed; and the filing fee. If the lure does not accompany the claim, then a photograph of the rig and a sized drawing of the lure must be included. Hybrids and other species that may pose a problem of identity should be examined by an ichthyologist or qualified fishery biologist.

**I am submitting this application for:** (tick those that apply)

- Saltwater  State only
- Saltwater land-based  State & Aust.
- Saltwater fly  Australia only
- Freshwater
- Freshwater fly
- All tackle length

**In the category:** (tick those that apply)

- Men
- Women
- Juniors (under 16) M  F
- Small Fry (under 11) M  F
- Heaviest in line class (Aust. only)

**Capture Clubs:** (tick those that apply)

- 20 to 1 Club  1000lb Club
- 15 to 1 Club  \* Assistance certificate
- 10 to 1 Club  \* Boat plaque

(\*see separate application form)

Line or tippet class: \_\_\_\_\_ kg

**SPECIES**

Common name: \_\_\_\_\_

Scientific name: \_\_\_\_\_

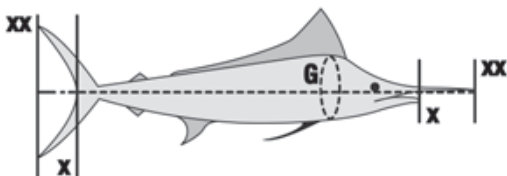

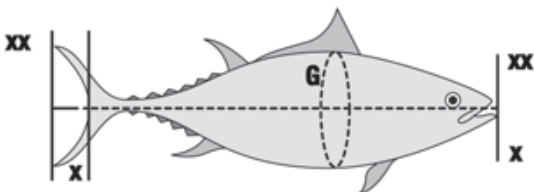

Weight: \_\_\_\_\_ kg

Length (see measurement diagrams):

X to X \_\_\_\_\_ mm    XX to XX \_\_\_\_\_ mm

**Species Measurements**

Measure as indicated below, take lengths from X to X and XX to XX. Take girth around the fish on the line marked G or at largest dimension location.

Girth (see measurement diagrams): \_\_\_\_\_ mm

Date of Capture: \_\_\_\_\_

Location of Capture: \_\_\_\_\_

State: \_\_\_\_\_

Was this fish captured during a tournament?  YES  NO

Name of tournament: \_\_\_\_\_

Was this tournament sanctioned?  YES  NO

**METHOD OF CATCH (trolling, casting, flyfishing, etc)**

# Statutory Declaration

Name: \_\_\_\_\_

Address: \_\_\_\_\_

Occupation: \_\_\_\_\_

I do solemnly and sincerely declare that the fish described in this application for an Australian record was hooked, fought and brought to gaff by me without assistance, that it was caught strictly in accordance with the rules of the Game Fishing Association of Australia, and that the line submitted with this application is the actual line used to catch the fish. I further declare that I am a financial member of a gamefishing club or a gamefishing division within a club affiliated with GFAA.

And I make this solemn declaration by virtue of the Statutory Declaration Act 1959, and subject to the penalties provided by that Act for the making of false statements in Statutory Declarations, conscientiously believing the statements contained in this declaration to be true in every particular.

Signed: \_\_\_\_\_

Declared at: \_\_\_\_\_ the day of \_\_\_\_\_ 20 \_\_\_\_\_

Before me: \_\_\_\_\_

Title: \_\_\_\_\_

If a Small Fry/Junior record application, give the applicant's date of birth: \_\_\_\_\_

The following items must accompany this claim:

1. The first 16m of the actual line used in the capture, including the entire double line and the leader.
2. A full-length photograph of the fish showing dorsal and pectoral fins, angler and tackle used and scales.
3. Photograph showing the teeth of shark.
4. Photograph/tracing of any two-hook arrangement used and lure showing the necessary arrangements and measurements.
5. Certificate of scales.
6. Filing fee of \$20 (incl. GST) payable to GFAA for each record claim. Heaviest in line class category also requires an additional \$20 fee above the record claim fee.
7. Additional filing fee of \$27.50 (incl. GST) for 10 to 1, 15 to 1 and 20 to 1 claims.
8. Additional filing fee of \$110.00 (incl. GST) for 1000lb claim.
9. Late payment, where applicable, \$110.00 (incl. GST) payable to GFAA by whoever has caused the delay.
10. Additional filing fee of \$10 payable to GFAA for each IGFA world record claim submitted through GFAA.

The application must be forwarded to the Recorder of GFAA through the State branch in whose waters the capture was made.

*Note: This Statutory Declaration must be witnessed by a JP or an authorised Notary.*

# Records Officer's Report

(Current as at 11th November 2020)

Season 2019/2020 has seen a drop in the number of claims submitted for the season with only 83 claims submitted which included 10 World claims and unfortunately 7 claims rejected.

Records are being updated as they are approved on the GFAA site ([www.gfaa.asn.au](http://www.gfaa.asn.au)) anglers can check the web for the most current list.

GFAA claims featured 11 male, 17 female, 3 junior male, 21 junior female, 21 small fry male and 2 small fry female records along with

8 -10/1, 3 -15/1, 2 - 20/1 and 2 - 1000lb claims,

Claims submitted by states as follows: 49 West Australia, 16 New South Wales, 7 Queensland, 5 Victoria, 5 South Australia and 1 Tasmania.

Some of the outstanding captures and achievements for the year included:

- Amanda Lamond JF15 – 300.00kg Mako Shark (World and Aust)
- Matt Gates M2 – 10.20kg Golden Trevally (World and Aust)
- Tarra Rowe F24 – 327.20kg Mako Shark (World and Aust)
- Mathew Sandy JM8 – 95.70kg Striped Marlin (Aust and 10/1)
- Lily Sims JF2 – 18.50kg Black Marlin (Aust)
- Max Grasso SFM3 – 8.36kg Cobia (Aust)
- Oska Davis JM4 – 55.00kg Mako (Aust)

The GFAA President and Executive congratulate all successful record anglers and look forward to more claims from affiliated anglers in the following years.

**Peter Babarskas**

**GFAA Recorder and Rules Committee Chair.**

AUSTRALIAN HISTORICAL RECORDS

# Historical Records

In 1977 the GFAA executive of the day recognised that stocks of grey nurse sharks were in trouble, and from then on the species would no longer be recognised as a capture species for record claim purposes. From the commencement of the NSW Fisheries tag & release program the grey nurse was determined by the GFAA as a tag & release species only. However, in November 2002, with advice from the GFAA, the NSWGFA deleted grey nurse sharks from tag & release also.

# Queensland Records

(Current as at 6th December 2019)

Note: The information contained in this section is supplied by QGFA and neither GFAA nor BlueWater Gamefishing Pty Ltd take responsibility for the accuracy of the content.

To make a claim for a Queensland Record please refer to the Australian Record Requirements in the GFAA Journal – whilst at the weigh station.

Queensland Record Claim, Statutory Declaration, and Checklist Forms can be downloaded from the QGFA website: [www.qgfa.com.au](http://www.qgfa.com.au)

All Claims must be submitted to the QGFA through your Club Secretary – not sent directly to the QGFA Recorder.

All three Forms must be fully completed and enclosed with the required photos (Standard size – not A4), a copy of the current scale certificate, all required tackle, and a cheque made payable to the Qld Game Fishing Association for the sum of **\$16.50**. Incomplete claims will be returned.

# GFAA Communications

## Keeping you informed

GFAA utilises a number of communications channels to keep in touch with affiliated anglers, their clubs and State Associations. We encourage everyone to send in photographs, stories, articles, tournament results, angler achievements and related fishing articles. Keep in touch - the GFAA will proudly share achievements and items of interest with fellow anglers and Clubs across Australia.

### These communications paths are:

#### The Annual GFAA Journal,

published as a magazine and electronically, includes items of interest, contacts, Records, rules, angler recognition and awards. The Journal is also circulated to those with an interest in the Association and the sport, many of whom may be influential in the future endeavours of the Association and its objectives. The 2021 Journal can be downloaded from [www.gfaa.asn.au/gfaa-journals/](http://www.gfaa.asn.au/gfaa-journals/)

#### The Association's website

[www.gfaa.asn.au](http://www.gfaa.asn.au) has all the GFAA data, rules, Juniors links, GFAA, state and club contacts, the latest news and updated records.

#### The GFAA Newsletter,

published four times a year and chock full of recent club and angler news and accomplishments, records and other interesting information. Copies: [www.gfaa.asn.au/newsletters/](http://www.gfaa.asn.au/newsletters/)

#### The GFAA Facebook page.

What is happening now.

The news and recognition for all to participate in. Beginning in 2021, expect rewarding competitions for contributors to Facebook: <https://www.facebook.com/gamefishingassociationofaustralia/>

GFAA Juniors have their own Facebook page: [www.facebook.com/gfaajunior/](http://www.facebook.com/gfaajunior/)

and website section:  
[gfaa.asn.au/juniors/](http://gfaa.asn.au/juniors/)

# Maritime Professionals

## Shallow Water & Marina Salvage Specialists

The MRG Team of shallow water (up to 10M Depth) recovery specialists, provide all equipment to recover or salvage any type of vessel or submerged object up to a 12 meter length.

The range of services MRG provide is extensive and includes general work boats, creek clearing & crew hiring, towage, dry hire of domestic and commercial vessels.

Call Toby or Jim today for expert advice and assistance.

[www.maritimerecoverygroup.com.au](http://www.maritimerecoverygroup.com.au)

## Specialty Marine Services

Extending professional high quality workmanship in a competitive marine environment, Aqua Mobile Marine specialise in:

- Marine Diesel Parts & Sales
- Engine Alignment
- Shaft & Propeller Repairs
- Hydraulic Steering Sales & Repairs
- Outboard Service and Supply
- Inboard Service and Supply
- Sterndrive Service & Supply
- Petrol & Diesel Motor Service & Supply

Call Jim to discuss your marine service requirements.

[www.aquamobilemarine.com.au](http://www.aquamobilemarine.com.au)

## Your Marine Inspection Specialist

Navsafe specialise in providing marine inspection reports that deliver the facts without confusion.

Run by Australian Maritime safety Authority accredited marine surveyors, Navsafe provide both Professional and Novice boat owners with safety equipment, pre-purchased inspections, marine surveying insurance risk assessments and more.

Call Toby to assist with your marine inspections.

[www.navsafemarine.com.au](http://www.navsafemarine.com.au)

**Toby Blundell: 0421 570 475**  
**Jim McKinnon: 0418 748 023**
